3. CHALLENGES OR ASSISTANCE NEEDED:

I continue monitoring club compliance with the annual Youth Protection Policies education requirement. As of September 30, 2021, we ended the administrative year at 86% club completion (121 of 141 Kiwanis clubs). This metric was re-set on October 01 for the new Kiwanis administrative year. Our numbers as of July 20, 2022, are far lower than we typically see. Only 82 of 166 active Kiwanis clubs have completed, and subsequently reported completion of, this annual requirement – a 49% compliance rate. Some divisions have five or six compliant clubs, while other divisions have only one or two clubs currently reporting compliance. We will have additional work to get our new Kiwanis clubs in West Virginia to meet this annual requirement. Their past compliance with this annual task is much lower than that of clubs in the Capital District. That trend is true thus far in the 2021-2022 administrative year.

As of July 20, 2022, there are 337 SLP clubs in the Capital District that are sponsored by a Kiwanis club. There are 358 total SLP clubs with a Capital District designation, meaning 21 are currently non-sponsored. Of the 337 SLP clubs sponsored by a Kiwanis club 77 do not have the name of their Kiwanis Advisor reported in Kiwanis Connect (69% compliance). Of the 260 SLP clubs with a reported Kiwanis Advisor, 235 had a valid and clear criminal history background check on file, and 25 did not have a background check on file at all or had an expired background check awaiting renewal (90% compliance). Of note: some Kiwanians advise multiple SLP clubs, so once their background check compliance is addressed, it may remove multiple SLP clubs from the non-compliance list of 25.

4. COMMENTS:

We must work with Kiwanis Lt. Governors to remedy the situation involving the 77 SLP clubs that do not have Kiwanis Advisors named in Kiwanis Connect before October 01, 2022.
