Not a very formal report - but see below for Human and Spiritual Values

Quick update for me re Human and Spiritual Values - led workshop at District Education Conference in August on Village of Values, submitted article for Oct/Nov Capital Builder with suggested activities for these months for clubs re interfaith opening words/invocation, ice breakers, speaker ideas and service project ideas.

Plan - will continue to have articles in Capital Builder to promote Village of Values throughout year and have requested to lead workshop at Midwinter event.

Re the Club visits - still have to four visits to go - hoping to have all complete by Nov 15. Been hard to get a few of the clubs to respond. Carolyn

I am at a Kiwanis meeting on Wed night installing officers - so only available THursday - I think - need to check that I don't have a meeting then.
