SUMMARY

We initiated our Clergy Appreciation Day by honoring 14 clergy members and the president of Louisiana College. We continued our Abused Children's Camp with 27 children, camp counselors and 27 Kiwanians. And we continued our work for children including support of Key Clubs. It was a year that we truly served the youth of the community. Our large club also supported the district and international thorough participation in conventions.

Editors' Note-1/31/2021: This year of our club's history was created primarily from information found in the 1994 Annual Report.

Dave Curry and Jim Leggett
