Kiwanis Camp work days for general maintenance  
Participated in several interclub meeting

### SUMMARY

It was a year of numerous projects and events with much club member involvement. We had a good turnout for bell ringing for the Salvation Army in December. At our Kiwanis Camp we focused on camp beautification, particularly at the front gate area where we cut several trees and fixed the gate and the sign. One day, several of us in boats went on the lake and cut down some of the stumps for safety purposes.
