2018 Lawman of the Year – Trooper Jason Martel  
Kiwanian of the Year – Dave Curry

### SUMMARY

The year was full of many projects. Besides all the wonderful projects we do for children, our beautiful Kiwanis Camp needed some tender loving care. First, we drained the lake. Then at our fall clean-up day we spread pea gravel on the lake floor so that the fish have a good place to spawn. The roof on the lodge was leaking and needed replacing. This was done in February 2018. In March, the evaporator core blew out on the lodge's a/c unit. In April, we had a very busy camp clean-up day where 12 yards of crushed concrete was put on the camp driveways and Barret Byrd and I used our tractors to level it. Many Kiwanians helped with clean up and Kiwanian Teamwork was abundant. In May the lodge refrigerator had to be replaced. In August we had all the door locks repaired or replaced at the Conference Center. Neil Klock, our Treasurer, said we spent too much money. But you know the old saying, you must spend money to make money. Without the beautiful Kiwanis Camp, the club's major money maker, our Annual Crawfish Boil & Raffle, could not happen. This year the Boil raised \$27,274.00. Good work Kiwanians!
