# We Did It!

Instilling the joy of reading in children from an early age is a gift that lasts a lifetime. Reading not only enhances cognitive development but also fosters imagination, empathy, and a broader understanding of the world.

On Thursday, February 19th, 2026, Tellico Village Kiwanians Andrea Johnson, Mary Procyk, and Ginger Swintosky, brought the job of reading to the pre-kindergartners at Lenoir City Elementary School.

By making reading a fun and integral part of daily life, children are more likely to develop a lifelong love for books, leading to improved literacy skills and academic success.

# Weekend Food 4 kids

Friday, Feb. 20th, 2026, five of our marvelous members were at the Loudon Elementary School for the Weekend Food 4 Kids Project. They packed 138 bags of nutritious snacks and delivered them to the classrooms. The teachers discreetly distribute the snack bags to students. Second Harvest manages the purchase and delivery of the food items directly to the school.

February 24<sup>th</sup> – Madisonville

**That is impressive!**

Have you attended an inter-club?  
If you answered NO, you don't know what you are missing.

Please try to attend the next inter-club.

**Kiwanis**

Sue Wilson, President of Madisonville Kiwanis opened the meeting at 12:30 p.m., Feb. 24, 2026, after a delicious lunch!

Madisonville Kiwanian, Susan Sanders presented a \$500.00 check to Mike Dotson. He is chairman of Fresh Start Ministries out of Sweetwater.

Susan also had a \$500.00 contribution for Without Limits Baseball Team the club sponsors. Without Limits is a special needs baseball program in Monroe County, TN (including Madisonville, Tellico Plains, and Sweetwater) offering, no-cost, all-ages, and ability-inclusive baseball.

David Coulter, Lt. Governor of Division 4 and a Tellico Village Kiwanian gave a brief presentation. What common thread can be drawn from the strategies of Football and US Hockey teams? It is the structured approach to success.

**In the first quarter** laying a strong foundation is crucial, much like setting the tone for an upcoming season in sports. For clubs, this means preparing for the Kiwanis year by setting clear goals and establishing a solid groundwork.

**Moving into the second quarter**, it's essential to play to your strengths. This is the time for clubs to concentrate on their most impactful projects, leveraging their unique abilities and resources.

**As you enter the third quarter**, adaptability is key. Recruiting new members with fresh perspectives and skills.

**Finally, the fourth quarter** emphasizes the importance of finishing well and finishing strong. It's about maintaining momentum and ensuring that all initiatives are successful.

The assisted living facility has taken a proactive step in respecting the privacy of its residents by initiating a Privacy Policy that allows them to opt out of having their photos used. As part of this effort, Co-Chairs Lucia Findley and Diane Preston, along with President Andrea Johnson, are collaborating with the Facility Director to develop a reliable process that honors the residents' wishes. This includes ensuring that any photos of residents who have requested privacy are appropriately blurred or omitted from media platforms. Consequently, no photos will be shared from the Ladies Tea event on February 24th to protect the privacy of those in attendance.

# Thank You LCIMS

In 2017 the Kiwanis Club of Tellico Village successfully spearheaded a collaborative initiative to enhance STEM education through a Robotics Program in Lenoir City and Loudon County Schools.

This initiative has led to remarkable accomplishments at Lenoir City Intermediate/Middle School, where students have been actively developing essential skills such as team-building, critical thinking, and design thinking. These competencies are crucial in preparing students for the challenges of the future, equipping them with the tools needed to thrive in various fields.

The program's success highlights the importance of community involvement in education, and the Kiwanis Club is proud to support such a transformative and impactful program.

## THE WORLD IN WORDS LENDING LIBRARY

Young Children: Priority One Committee

The Lending Library Program  
at Lenoir City Elementary School is  
every Thursday while school is in session.

Our Kiwanians serve as librarians, equipped with a cart full of diverse books. The kindergarten students independently select a book that interests them. This process not only empowers young learners to make their reading choices but also instills a sense of responsibility as they manage their borrowed books. Teachers supply folders containing useful reading tips for parents, ensuring that the reading experience continues beyond the classroom into the home. This endeavor fosters an environment that celebrates literacy and promotes lifelong learning.

Volunteers spend approximately one hour  
of their from 7:45 a.m. to 8:30 a.m.  
serving as librarians.

**Early Childhood Literacy  
Young Children: Priority One Committee  
(Reading to Pre-Kindergarten Children)**

The Early Childhood Literacy Program at Lenoir City Elementary School is designed to promote books and reading among Pre-Kindergarten children. Held every other Thursday, during the school year, this program complements the Lending Library initiative, providing a literacy experience. Volunteers read aloud to the children, capturing their attention and inspiring their imagination.

The interactive question-and-answer sessions that follow encourage curiosity and engagement, helping to develop critical thinking and comprehension skills. This program introduces children to storytelling and aims to lay a foundation for lifelong learning and literacy.

Volunteers begin at 8:30 following the Lending Library Project. They spend an hour reading to the Pre-kindergarten children.
