- Aug 22-24 WIUM District Convention in Green Bay
- Tue, Aug 26 8:00 AM - Board Meeting
- Tue, Sep 2 7:30 AM - Regular Meeting

### Anchors Aweigh

*Composed by Charles Zimmermann (1906)*

[Verse 1]

Stand Navy out to sea,  
Fight our battle cry;  
We'll never change our course,  
So vicious foe steer shy-y-y.  
Roll out the TNT,  
Anchors Aweigh.  
Sail on to victory  
And sink their bones to Davy Jones, hooray!

[Verse 2]

Anchors Aweigh, my boys,  
Anchors Aweigh.  
Farewell to foreign shores,  
We sail at break of day-ay-ay-ay.  
Through our last night ashore,  
Drink to the foam,  
Until we meet once more.  
Here's wishing you a happy voyage home.

[Verse 3]

Blue of the mighty deep:  
Gold of God's great sun.  
Let these our colors be  
Till all of time be done, done, done, done.  
On seven seas we learn  
Navy's stern call:  
Faith, courage, service true,  
With honor, over honor, over all.

"Anchors Aweigh" is the fight song of the United States Naval Academy and unofficial march song of the United States Navy. It was composed in 1906 by Charles Zimmermann with lyrics by Alfred Hart Miles. When he composed "Anchors Aweigh", Zimmermann was a lieutenant and had been bandmaster of the United States Naval Academy Band since 1887. Miles was midshipman first class at the academy, in the class of 1907, and had asked Zimmermann to assist him in composing a song for that class, to be used as a football march. Another academy midshipman, Royal Lovell (class of 1926), later wrote what would be adopted into the song as its third verse. Another member of the Naval Academy Band, Willy Perlitz Jr., assisting in writing the music for the different instruments used in "Anchors Aweigh".

The United States Navy will celebrate 200 years on October 13, 2025

## KIWANIS NOTES

Jennifer Koeppl	Aug 1
Polly Bigler	Aug 3

DAILY WINNER ANNOUNCEMENTS**

**HERE ARE JUST SOME OF THE PRIZES:**

amazon

Kroger

WE WILL ALSO BE RAFFLING OFF REGISTRATIONS AND HOTEL FOR 2026 MIDYEAR AND DISTRICT CONVENTION

## Who's On-Deck for Morning Snacks?

Aug 5 **Polly Bigler**  
Aug 19 Sue Zuege  
Sep 2 Linda Steffen  
Sep 16 Karen Reynolds  
Oct 7 Polly Bigler

The WI-UM District Raffle was created with the intent of providing a source of non-dues revenue to help offset operational expenses, hopefully preventing future dues increase proposals. Check it out at:

<https://tinyurl.com/WIUMRAFFLE>

1. How many species of mosquitoes are in the world? About 2,700
2. How much blood does a female mosquito drink per serving? About 5-millionths of a liter (for an *Aedes aegypti*).
3. What is the average number of mosquito bites a person receives before taking action (going indoors or putting on a personal repellent)? 3
4. How do mosquitoes find new hosts? By sight (they observe movement); by detecting infrared radiation emitted by warm bodies; and by chemical signals (mosquitoes are attracted to carbon dioxide and lactic acid, among other chemicals).
5. How fast can a mosquito fly? An estimated 1 to 1.5 miles per hour.
6. A female mosquito passes contractible diseases, such as malaria, yellow fever, dengue fever, and encephalitis to her eggs. Once a mosquito ingests infected blood, she will contract the disease within 10 days.
7. How far away can a mosquito smell you, or a cow, or another host? Between 20 to 35 meters
8. Mosquitoes are attracted to dark colors so choose light-colored clothing when you are outdoors.
9. What is the most effective protection against biting insects? The most effective treatment is a repellent containing DEET®.
10. How well do bug zappers work? Forget about bug zappers! Scientific studies show that bug zappers actually attract more mosquitoes into your backyard. In fact, many beneficial insects are killed. Bug zappers may provide some psychological relief and gratification, but they'll also run up your electric bill without controlling your mosquito problem.
