Our March 3rd meeting featured Ryan Boylston, running for Delray Beach City Commission, Seat 3 (BTW - He Won).

PUBLIC SERVICE ANNOUNCEMENT

IRS Impersonation Email Scam

The IRS and its Security Summit partners warned tax professionals this week about a new IRS impersonation scam campaign spreading nationally on email. The new email scam uses dozens of compromised websites and web addresses that pose as IRS.gov, making it a challenge to shut down. By infecting computers with malware, these imposters may gain control of an individual's computer or secretly download software that tracks every keystroke, eventually giving them passwords to sensitive accounts, such as financial accounts.

"The IRS does not send emails about your tax refund or sensitive financial information," said IRS Commissioner Chuck Rettig. "This latest scheme is yet another reminder that tax scams are a year-round business for thieves. We urge you to be on-guard at all times."

The IRS does not initiate contact with taxpayers by email, text messages or social media channels to request personal or financial information. This includes requests for PIN numbers, passwords or similar access information for credit cards, banks or other financial accounts.

50/50 RAFFLE

The Winner is.....

Cathy Durkin
of Portland Maine.

She received \$1,175.

Hello All – Just wanted to make sure we officially say thank you to each and every one of you for supporting the March Madness 50/50 raffle with your donations. If you were at the meeting on Wednesday you heard that we sold over 100 tickets. We had donations of \$2,300 and netted \$587.50 for Arts Garage and \$587.50 for our club. Not bad for the first time out.

This was a great learning experience for everyone involved and will make next year a lot more successful should the club decide to do it again. Special thanks goes to **Ezra, Steve Rubin** and **Scott Youngberg** for helping with this.

At Mark Scheinbaum's excellent suggestion, we're making the complete list of who purchased tickets available. Just shoot me an email and I'll be glad to send it to you. Should you recognize a name of someone from another club, let us know so we can send a special thank you.

Once again, thank you everyone for helping to make this successful.

With gratitude,

Share It.....

Have you ever shared your Kiwanis experience with others? With your colleagues, friends or family? Would you proudly post pictures from a Club event on your Facebook page? Would you invite someone you witnessed performing a random act of kindness to visit your club?

If not, what would it take for you to want to do so? What would it take for you want to spread Kiwanis not only to others in your community, but to other communities without clubs?

"Share it" is what happens when members love their clubs. It's human nature to tell others about great experiences we've had with products, services—even Kiwanis. The "Share it" component of The Formula encourages members to spread the word about their clubs. This applies to word-of-mouth communications, including person-to-person invitations to club meetings, social events, fundraisers and service projects.

Think about what you love about Kiwanis. The service. The impact. The fellowship.

Then think about people who would love those things too—and the impact they could help us make. That's where you come in. And that's why your story matters.

Share what you love. So you can live what you love.

Make your story a part of your formula for the future.

Remember, This is The Formula:
Love being a Kiwanian. Love your club.
Share it with others. Live it.

Feeding your body and mind as you age - Part 7

..... Or you can't shop or cook for yourself? (Con't)

Buy in bulk. Doing things in bulk saves time and money. It's always a good idea to buy non-perishable items, such as dried beans and canned fish, in bulk. You can freeze perishable items, such as meat and bread, in smaller portions to use as needed or split them with a friend—saving you both money.

Search out Farmers' Markets. Many places host weekly farmers' markets where local farmers sell fresh food directly, often cheaper than the grocery store. Towards the end of the market, some vendors sell remaining perishable items at a discount.

Purchase generic/store brands. When you shop at conventional grocery stores, the store or generic brand will often be cheaper than the name brand for the same quality product.

Join the grocery store savings club and look out for discount coupons for more savings.

Purchase less expensive cuts of meat and make better use of it. You'll save money on the cut of meat and stretch the meat for more meals when you make tasty casseroles, sauces, soups, stews, and stir-fries. Add vegetables, beans, and whole grains to create filling and delicious meals.

Cook once and eat multiple times. Cook a large meal at the beginning of the week so that you have extra to use later in the week when you don't feel like cooking.

Make new meals from previous ones. All leftovers can be used for another meal, such as soups, stews, or stir-fries. Create a base with broth or by sautéing onion and garlic, then add any leftovers you have. A small amount of meat is perfect to add flavor and substance. And most leftovers make very tasty burritos. Simply put everything into a tortilla shell (try to get whole grain) with a little cheese or salsa.

HUMAN AND SPIRITUAL VALUES

(One of the six Objects of Kiwanis)

"Before you tell your life what you intend to do with it, listen for what it intends to do with you. Before you tell your life what truths and values you have decided to live up to, let your life tell you what truths you embody, what values you represent."

You'll like this one! It's made from an anti-diuretic hybrid grape and reduces the number of trips people your age go to the toilet during the night. It's called PINO MORE!

Kids need Kiwanis! How do kids need Kiwanis? Each club finds its own answers as it identifies and creates opportunities in its community. Many clubs have tackled literacy projects to supplement online education during the pandemic. Other clubs help food pantries feed families.

As the world emerges from the pandemic, these needs will persist and others will return to focus. Young kids will still require early-childhood education and nurturing to prepare for school. Immunization programs that raise children's life expectancy worldwide will be expanded. Children still need help learning to resist predators, cybercrimes and other harmful influences. Youth must be qualified as leaders. These can all be addressed through Kiwanis service.

Clubs have the strength to design solutions, build partnerships and devote energy to local and international challenges. Kiwanians are helping with school backpack programs, child mentoring and orphanage support. Tell the Kiwanis story to your community and prospective members. Describe how they can help be involved. Point to the opportunities that Kiwanis offers for each member to contribute to life-changing experiences for children.

Service can change a child's life and transform a Kiwanian's. Collectively, we have planned for the future during the past year. Now is the time to put these plans into action and expand your footprint. Kids Need Kiwanis — our motto — now! Search your heart and commit yourself to the next generation.

The future starts today, not tomorrow.
