More About Kiwanis International

1. From 1915 to 1919, the organization of new Kiwanis clubs was managed by a professional organizer, Allen Simpson Browne, who can be credited with creating Kiwanis. In return for building new clubs, he received a portion of every new membership fee. This arrangement led to increasing controversy about the purpose and control of the organization. The problem was solved when Kiwanis International "bought itself" from Browne at the 1919 convention in Birmingham, Alabama. Club delegates raised \$17,500 on the convention floor to purchase Browne's rights to the Kiwanis name and organization.
2. The first Kiwanis motto, "We Build," was adopted in 1920. It was proposed by Roe Fulkerson, first editor of the Kiwanis Magazine, who later said, "God inspired me to write those two words—We Build. I am prouder of them than any other accomplishment in my life." It was replaced 85 years later.
3. About 140 staff and supporting personnel work at the Kiwanis International Office in Indianapolis, Indiana, USA, which includes the staffs of Key Club International, Circle K International, and the Kiwanis International Foundation. Kiwanis International also operates regional service centers in Europe, South America, and Asia to serve the needs of clubs in those regions more efficiently.
4. The 1924 convention in Denver, Colorado, became known as the "Constitutional Convention." In the process of finalizing a complete International Constitution and Bylaws, Kiwanis officially adopted the name Kiwanis International and the six permanent Objects.
5. Until 1962, Kiwanis clubs were limited to the United States and Canada. But club delegates to the 1961 convention in Toronto approved the extension of Kiwanis to the rest of the world. In April 1962, the Kiwanis Club of Tijuana, Baja California, Mexico, became the first club to be organized outside the two founding nations. Today, Kiwanis clubs are active in more than 70 nations and geographic areas.
6. The first Object of Kiwanis International is "To give primacy to the human and spiritual rather than to the material values of life."
7. The Kiwanis International Board of Trustees has 20 members including the Executive Director. These include the President, Immediate Past President, President-Elect, Vice-President-Treasurer, and 15 Trustees. The officers serve for one-year terms, and each year a group of Trustees are elected to three-year terms. An additional nonvoting officer, the International Executive Director, is appointed by the Board and is the only salaried officer.

The "Golden" Years ...

.... An elderly woman from Brooklyn decided to prepare her will and make her final requests. She told her rabbi she had two final requests. First, she wanted to be cremated, and second, she wanted her ashes scattered over Bloomingdales.

"Bloomingdales!" the rabbi exclaimed. "Why Bloomingdales?"

"Then I'll be sure my daughters visit me twice a week."

.... A young man asked an old rich man how he made his money.

The old guy fingered his worsted wool vest and said, "Well, son, it was 1932. The depth of the Great Depression. I was down to my last nickel."

"I invested that nickel in an apple. I spent the entire day polishing the apple and, at the end of the day, I sold the apple for ten cents."

"The next morning, I invested those ten cents in two apples. I spent the entire day polishing them and sold them at 5:00 pm for 20 cents. I continued this system for a month, by the end of which I'd accumulated a fortune of \$1.37."

"Then my wife's father died and left us two million dollars."

PUBLIC SERVICE ANNOUNCEMENT

Cyber Monday shopping list should include safeguards against online thieves

For many shoppers, Cyber Monday kicks off the holiday season. For some online thieves, 'tis the season to take advantage of having so many people shop online at once. They steal shoppers' personal information and package it as their own.

Some might call this a total Grinch move.

The IRS and its partners in the [Security Summit](#) advise taxpayers to take these simple steps to protect their identities, financial accounts, computers and mobile devices. People should:

- Shop at sites where the web address begins "https;" the "s" is for secure communications over the computer network. This is an added layer of protection when sharing credit card numbers for a purchase. Note: scam sites also can use "https," so shoppers should ensure they are shopping with a legitimate retailer.
- Not shop on unsecured public wi-fi. This helps to prevent thieves from eavesdropping. Instead, use secure home wi-fi with a password.
- Use security software for computers and mobile phones, and keep it updated. Make sure anti-virus software has a feature to stop malware and there is a firewall that can prevent intrusions.
- Not hand out personal information. Phishing scams, imposter emails, calls and texts are the number one way thieves steal personal data.
- Not open links or attachments on suspicious emails.
- Use strong, unique, yet easily remembered passwords are safest for online accounts.
- Use two-factor authentication whenever possible. Many email providers and social media sites offer this feature to help prevent thieves from easily hacking accounts.
- Back up files on computers and mobile phones. A cloud service or an external hard drive can be used to copy information from computers or phones.

You might be a redneck if

-Your wife's hairdo attracts bees.
- Your baby's first words are "Attention K-Mart shoppers."
- The antenna on your truck is a danger to low flying airplanes.
- Your primary source of income is the pawn shop.

.... You pick your teeth from a catalog.

.... You've ever financed a tattoo.

.... You refer to the time you won a free case of oil as the "day my ship came in."

Benefits of cooking at home

Preparing healthy meals at home can support your immune system and reduce the risk of illnesses such as

heart disease, cancer, high blood pressure, and diabetes.

It can give you more energy, improve how you sleep at night, and help you better manage health problems.

In women, cooking healthy food can help reduce symptoms of PMS and menopause, and boost fertility.

If you're on a special diet or trying to lose weight, preparing meals for yourself gives you more control over ingredients and portion sizes, enabling you to better control your weight or cope with food allergies.

By practicing safe food handling while you cook at home, you're less likely to contract a foodborne illness.

Cooking at home can sharpen your mind, fight cognitive decline, and decrease your risk of Alzheimer's.

It can stabilize kids' energy and help them grow into healthy, confident adults.

Welcome Our Newest Member Rich Pollack

Rich is originally from New Rochelle, N.Y. and has lived in Delray Beach since 1976. He has been married to Carol since December of 1992 but the two have been together since September 1980. His dad was active in Kiwanis, serving as the president of his club in the Bronx and later serving as Lt. Governor.

Rich attended Marietta College in Ohio where he was smitten by a woman who talked him into working on the school newspaper. Eventually he found he loved journalism and she found she loved someone else. After graduation he stayed in Ohio looking for work until he visited his parent's new home in Sunrise and found a job writing sports for a community newspaper. Eventually, he got a job in Delray Beach at the News Journal and in 1976 started a 40 plus year career covering Palm Beach County. He has worked on six newspapers, covered 8 Delray police chiefs and missed way too many deadlines. Forming Pollack Communications with Carol in 2001, Rich now writes for the Coastal Star, Delray Magazine and also writes a weekly cars column for the Sun Sentinel. For years, Rich was known in the community as Buttons the Clown, but Button is now in semi-retirement only making rare appearances.

Dedicated to community service, Rich has served on numerous boards. Rich volunteers in the Meals on Wheels of the Palm Beaches kitchen every Friday and has been a mentor. Rich and Carol have two cats, Big and Funny, who were rescued in their backyard as kittens.

Welcome Rich!

KIDS NEED KIWANIS

Here Comes "Little Johnny"

-- The visiting Bible school supervisor asks little Johnny during Bible class,

"Who broke down the walls of Jericho?"

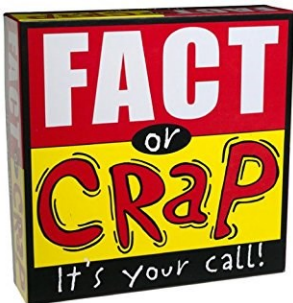

Little Johnny replies, "I dunno, but it wasn't me!"

The supervisor, taken aback by Johnny's lack of basic Bible knowledge goes to the school principal and relates the whole incident.

The principal replies, "I know Little Johnny as well as his whole family very well and can vouch for them; if Little Johnny said that he did not do it, then I, as principal is satisfied that it is the truth."

Even more appalled, the inspector goes to the regional Head of Education and relates the whole story...

After listening he replies: "I can't see why you are making such a big issue out of this; just get three quotes and fix the damned wall!"

Governor's Message

by Allen Yergovich , Florida Kiwanis Governor

THE GOVERNOR'S QUACKER

Kiwanians,

I can do very little on my own. I need ALL of your help to make this a year worth celebrating this time next year. I need each and every one of you to help make the Florida District the best it's ever been. I hope to meet as many of the great Kiwanians in this district during the year.

I would like to thank and congratulate everyone who was involved in making the 2018-2019 Kiwanis year the success it was. Whether it was the new clubs opened or the successful DCON, or all the other many successes, everyone has every reason to be proud.

This year, we have a great team of Lt Governors. I hope you all have developed a good working relationship with yours and feel comfortable reaching out for whatever you need.

We also have a great team of District Chairs who are all listed on the District website FLKiwanis.org. Please familiarize yourself with the committees and utilize their knowledge. Also, contact the Chair if you wish to volunteer on a committee.

Unfortunately, membership remains a top priority. We are in a slow death spiral that we need to turn around. That will take the help of EVERY Kiwanian in the district. ASK someone, anyone, who wants to make the lives of children better. Wear your Kiwanis pin/shirt/hat etc. often and talk about the great things we do and how much fun it is!

Be Visible! Go to a Service Leadership Program (SLP) meeting or a project, even if - especially if - that's not your regular role.

I also want to renew the focus on Young Children: Priority One. There is so much we can do for children under the age of 5, the most critical time in their development. If you have questions, please reach out to Jennifer Ohlsen at Ohlsen.jennifer@gmail.com, myself, or your Lt Governor.

Children Week, where we lobby our legislators on children's issues, is coming up in January. If you can't go to Tallahassee to speak to your representative in person, there is much you and your club can do from home. Please contact Jim Wylie at fjameswylie@gmail.com for more information.
