GAL is There For The Kids

Our program on January 12th was presented by Christie Geltz, representing the Guardian ad Litem (GAL) Program in Palm Beach County.

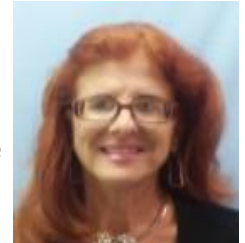

The GAL Program in Palm Beach County is a partnership of trained, court appointed, community advocates and professional staff providing a powerful voice on behalf of abandoned, abused and neglected children.

Many of the children have been removed from their home and are with relatives, friends, or in foster care. Together with the support and guidance of the GAL staff and GAL attorneys, GAL Volunteers strengthen the voice of the child and ensure they do not become lost in the system.

During fiscal year 2020, GAL served 2,401 children. A child with a GAL is ...More likely to be adopted; 1/2 as

likely to re-enter foster care; More likely to find a safe and permanent home; and more apt to receive the appropriate physical, educational and emotional care they need through available child services.

Many people ask how they can get involved. Hear about becoming a Guardian ad Litem, and find how, with as little as five hours a month, you can make a lifelong impact on the life of a local foster child. For more information go to <https://galpbc.org/>

CityHouse Helps Single Mothers in Need

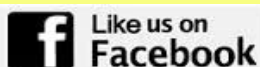

Our program on January 26th was presented by Victoria Harris, the Lead Family Advocate for CityHouse.

CityHouse is a social impact organization that provides hope & renewal to homeless single mothers and their children. Founded in 2014, they are a long-term, supportive, transformational living program.

CityHouse is a two to three-year program that offers safe and affordable housing, wrap-around services, daily mentoring, educational opportunities, mental health services, and skill-building opportunities. They focus on empowering their mothers to live healthier lives through education, community, and career development

offering a holistic approach to each family's multifaceted needs.

Apartments are newly renovated, fully furnished, and stocked with necessities, such as toiletries. Residents are responsible for a small number of rental expenses, equaling about 30 percent of a full-time, minimum salary. Through strategic partnerships, they have also developed a program model with low-cost services that lead to enhanced opportunities and ultimately to healthier families for generations to come. They currently have facilities in Delray Beach and Boca Raton. For more information, go to www.cityhousedelray.com.

Farewell to a True Friend.....

Long time Kiwanian and great friend to all, **Ben Bassford** passed away January 23, 2022. As a member of our club for the last 25 years, he was a regular attendee at our meetings and projects. He and his wife Carol were always available to help out when needed. He will surely be missed.

"Feel no guilt in laughter, he knows how much we care. Feel no sorrow in a smile that he's not here to share. We cannot grieve forever, he would not want us to. He'd hope that we can carry on, the way we always do. So talk about the good times and the ways we showed we cared. The days we spent together, all the happiness we shared. Let the memories surround you."

"Say not in grief 'he is no more' but live in thankfulness that he was" - Hebrew Proverb

To his wife and fellow Kiwanis member Carol, extending deepest sympathy for you and your family in your loss. And hoping too, that comfort and peace may come to you. You're in our thoughts during this difficult time.

Organic Foods: What You Need to Know

Is organic food really healthier? Is it worth the expense? Find out what the labels mean and which foods give you the most bang for your buck.

(Continued from last month)

Organic food buying tips

Buy in season. Fruits and vegetables are cheapest and freshest when they are in season. Find out when produce is delivered to your market so you're buying the freshest food possible.

Shop around. Compare the price of organic items at the grocery store, the farmers' market, online, and in other venues (even the freezer aisle).

Remember that organic doesn't always equal healthy. Making junk food sound healthy is a common marketing ploy in the food industry but organic baked goods, desserts, and snacks are usually still very high in sugar, salt, fat, or calories. It pays to read food labels carefully.

Why is organic food often more expensive?

Organic food is more labor intensive since the farmers do not use synthetic pesticides, chemical fertilizers, or drugs. Organic certification is expensive and organic feed for animals can cost twice as much. Organic farms tend to be smaller than conventional farms, which means fixed costs and overhead must be distributed across smaller produce volumes without government subsidies.

Where to shop for organic food

To find farmers' markets, organic farms, and grocery co-ops in your area, visit www.eatwellguide.org or www.localharvest.org

Governor's Message

by Harvey A. White
Florida Kiwanis Governor

Hi to The Mighty Florida District. We (Harvey and first daughter Abby) hope you all had a happy holiday season and first quarter of the Kiwanis year.

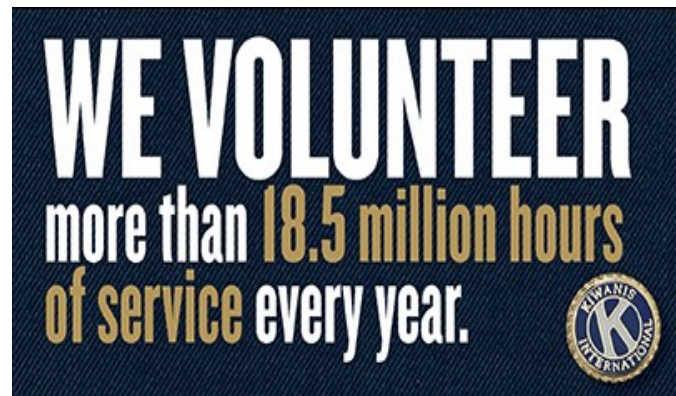

The Florida District did a great first quarter in growth this year. We chartered two new Kiwanis Clubs, four Key Clubs and two K-Kids Clubs. Plus we grew by 181 new club members. We still have a ways to go. Peter (the Kiwanis International President) wants to have nine new clubs this year.

If Joe Myers or your Lt. Governor gives you a call please give them a hand. I saw a lot of great service projects the first quarter in both Kiwanis Clubs as well as the SLPs. Kiwanis Clubs - please reach out to your SLPs to see if they need your help.

Remember, the Kiwanis International Convention is in June in Indianapolis. If your club does something great, please let Lew Matusow, District PR Chair or Ricky Reynolds, District Social Media Chair know so that they can let the world know.

See you next quarter. Best regards from Harvey and Abby.

Sincerely,
Governor
Harvey
