The "SCREW" Board is Big on Recycling

Maggi Woodall

Member Maggi Woodall gave an interesting presentation on the South Central Regional Wastewater Treatment and Disposal Board (SCREW) at our December 8th meeting. Maggi is the Finance Administrator for the board. The Board was created in 1974 as a Special District to treat the wastewater in the Boynton Beach and Delray Beach service areas and is declared "Best in the State". The Board consists of the five (5) City Commissioners from Boynton Beach and the five (5) City Commissioners from Delray Beach. The plant is permitted to

treat an average daily flow of 24 million gallons of wastewater a day. Flows currently average 17 million gallons a day. Their job is to treat, disinfect and reclaim this "17 million gallons per day" and make it clean again so we can safely return it back to the environment. This is accomplished by cleaning the water by a process called activated sludge. Activated sludge is a process within which millions of micro organisms live, grow and work. The work consists of removing soluble and particular organic food matter from the raw wastewater, and converting the foods into new cell growth. It is their job to keep these micro organisms balanced. The two byproducts of activated sludge are clarified effluent and solids. The effluent is either utilized as reclaimed irrigation water or discharged into the deep injection well. The solids (sludge) are transported to a facility at the Solid Waste Authority in West Palm Beach and processed into fertilizer pellets. You can find more information at www.scrwwtp.org.

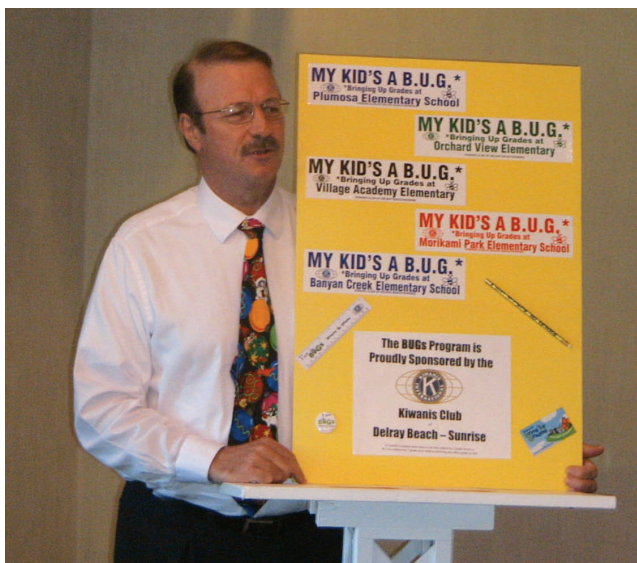

Did You Know?.....

The **Florida Kiwanis Foundation** is the fund raising entity of the Florida District of Kiwanis International dedicated to the support of our Florida Youth to ensure a brighter future and to provide an endowment fund to which clubs and individual members can contribute gifts and bequests.

The **Florida Kiwanis Foundation** is

governed by a Board of Trustees. One Trustee is elected from each division within the Florida district. They serve for a two year term on a staggered basis. The Board of Trustees elects six Administrative Officers of the Foundation. These officers serve for a one year term. The Board, with advice of legal and financial counsel, oversees the process of raising, investing, and distributing funds to ensure that donor gifts receive proper attention and are used for intended purposes.

Doug "Bugs" Martin

Scientists at NASA built a gun specifically to launch standard 4 pound dead chickens at the windshields of airliners, military jets and the space shuttle, all traveling at maximum velocity. The idea is to simulate the frequent incidents of collisions with airborne fowl to test the strength of the windshields.

British engineers heard about the gun and were eager to test it on the windshields of their new high speed trains. Arrangements were made, and a gun was sent to the British engineers.

When the gun was fired, the engineers stood shocked as the chicken hurled out of the barrel, crashed into the shatterproof shield, smashed it to smithereens, blasted through the control console, snapped the engineer's back-rest in two, and embedded itself in the back wall of the cabin, like an arrow shot from a bow.

The horrified Brits sent NASA the disastrous results of the experiment, along with the designs of the windshield and begged the US scientists for suggestions.

NASA responded with a one-line memo -"Defrost the chicken." (True Story)

We Have BUGS All Over The Place

Our very own Doug Martin gave a presentation at our December 22nd meeting on the BUGs Program (Bringing Up Grades).

BUGs is an excellent program to motivate students and recognizes them for academic achievement. Many kids make a sincere effort to improve their grades, but don't quite make it to the Dean's list or Honor Roll. That's where the BUGs program fills in the gaps. Winners receive a button to wear, a bumper sticker, a certificate, a pencil, a ruler and a ticket to participate in drawings for CD & MP3 players, games, toys and bicycles, among other items.

Our club currently sponsors the BUGs program at Plumosa, Orchard View, Village Academy, Morikami Park and Banyan Creek Elementary Schools.

Interclubs

Steve Rubin, Chairman

Holiday Greetings!

A happy and healthy New Year to all!

Thanks to **Jean Antin, Carlene Laseter**, and **Ezra Krieg** for attending the Interclub at the Delray Noontime Club. We learned that the Club can't sponsor the Halloween Parade next year because it has no funds. Its cushy Delray Affair parking lot gig may also be in jeopardy because of a recent lot ownership change. Membership in the Club is down to about 12, but it looks like the average age of the members has dropped from about 106 to 75. Nevertheless, its members are very dedicated and the Club is enthusiastic, has many excellent service projects, and is upbeat about its future.

Our next scheduled interclub is:

Boynton Beach Club-Tuesday, 12 Noon, JANUARY 11, 2011
Duffy's Sports Grill
4746 N. Congress Ave., Boynton Beach

I hope to see you there!

Please calendar the following future Interclubs:

- Tuesday, February 22, 2011 - Hypoluxo-Lantana, 7 A.M.
- Tuesday, March 29, 2011 - Lake Worth at 8:00 A.M.
- Wednesday, April 20, 2011- Greenacres at 12:00 P.M.
- Tuesday, May 24, 2011 - Palm Springs at 7:15 A.M.
- Thursday, June 16, 2011 - Gold Coast Knights (Deerfield) at 7:00 P.M.

Thank you. Best regards,
Steve Rubin, Interclub Chair

PUBLIC SERVICE ANNOUNCEMENT

WHY MEN ARE NEVER DEPRESSED:

Men Are Just Happier People-- What do you expect from such simple creatures? Your last name stays put. The garage is all yours. Wedding plans take care of themselves. Chocolate is just another snack. You can be President. You can never be pregnant. You can wear a white T-shirt to a water park. You can wear NO shirt to a water park. Car mechanics tell you the truth. The world is your urinal. You never have to drive to another gas station restroom because this one is just too icky. You don't have to stop and think of which way to turn a nut on a bolt. Same work, more pay. Wrinkles add character. Wedding dress \$5000. Tux rental-\$100. People never stare at your chest when you're talking to them. New shoes don't cut, blister, or mangle your feet.

One mood all the time.

Phone conversations are over in 30 seconds flat. You know stuff about tanks. A five-day vacation requires only one suitcase. You can open all your own jars. You get extra credit for the slightest act of thoughtfulness. If someone forgets to invite you, he or she can still be your friend.

Your underwear is \$8.95 for a three-pack. Three pairs of shoes are more than enough. You almost never have strap problems in public. You are unable to see wrinkles in your clothes.. Everything on your face stays its original color. The same hairstyle lasts for years, maybe decades. You only have to shave your face and neck.

You can play with toys all your life. One wallet and one pair of shoes -- one color for all seasons. You can wear shorts no matter how your legs look. You can 'do' your nails with a pocket knife. You have freedom of choice concerning growing a mustache.

You can do Christmas shopping for 25 relatives on December 24 in 25 minutes.

No wonder men are happier.

Int'l President's Message

by Sylvester Neal, Kiwanis Int'l President

Set the Example

The Kiwanis Year of the Fire requires us to implant the Objects of Kiwanis in our hearts and apply them in our daily endeavors.

Ask yourself—as I often ask myself: Do I live out the Golden Rule, treating others as I would like to be treated? Do I inspire others to join Kiwanis by my examples of altruistic service?

The Year of the Fire asks us to take responsibility for growth, improving our clubs and rendering more service. An African proverb says, "It takes a village to raise a child." At Kiwanis, it requires the diligent, hard work of us all to grow. Everyone must play a vital role if we are to set this organization on fire for service.

Are you making a difference?
Are you addressing the needs
and wants of people in
your community?

Engage your fellow members in everything Kiwanis. Give them plenty of opportunities to be involved in service projects that address the needs and wants of people in your community.

Help light the Kiwanis fire. Service is our mission. Service fuels our growth. It all happens at the club level. You make Kiwanis the great organization that it is. It all starts with you.
