### **Be A Part Of History**

Our program on June 5th was presented by Jillian Markwith of the Historical Society of Palm Beach County. Since its founding in 1937, the Historical Society of Palm Beach County has been the "go-to" resource history education and research, assembling an extraordinary collection of documents, photographs and artifacts that tell the fascinating story of the people who made Florida and Palm Beach County an exceptional area to live, work and learn. The Society has partnered with the School District of Palm Beach County to provide programs for elementary and middle school students. Research in the archives is by appointment, and open to members in the Society free of charge.

And now you can go on-line: Palm Beach County History On-Line is part of their mission to make history accessible, interesting, and meaningful. The Historical Society of Palm Beach County's offices are located inside the restored 1916 Courthouse in Downtown West Palm Beach at 300 North Dixie Highway. The Richard and Pat Johnson Palm Beach County History Museum is located on the 2ND Floor of the Courthouse. From spears and pioneers to hurricanes and famous names, explore it all at the Palm Beach County Historical Society and Online at [www.historicalsocietyabc.org](http://www.historicalsocietyabc.org).

### **ChildNet Protects Children**

Our program on June 19th was presented by Gillian Moxey, representing ChildNet. In Broward and Palm Beach County every year, several hundred children enter the child welfare system due to abuse, abandonment or neglect. As the local Community Based Care lead agency, ChildNet manages the local system of services and supports for Broward and Palm Beach Counties' most vulnerable children. Their mission is to protect abused, abandoned and neglected children in the communities they serve. ChildNet uses a family-centered, strength-based, needs-driven approach to promote appropriate services for the children and their caregivers.

If you are looking for a way to make a difference in the world, make a world of difference in the life of a child by becoming a foster parent. Foster care is the temporary placement for children who have been removed from their home due to abuse, abandonment or neglect. Children stay with a foster family until they are able to return home or until an alternate permanent placement is found. Every child and teen needs love, support and guidance to thrive and become well-adjusted, socially responsible, self-sufficient, stable adults. For more information go to [www.childnet.us](http://www.childnet.us)

## Are You Prepared for a Hurricane?

Kelvin Bledsoe

That was the question asked by Kelvin Bledsoe, Special Projects Coordinator for Palm Beach County's Division of Emergency Management. Kelvin presented all kinds of Tools & Tips. If you have to evacuate, what will you take? How about taking cash, medicines, even toilet paper.

As we head into Hurricane Season 2013, Palm Beach County is preparing for the needs of our residents. The last eight years have been kind to us, especially compared to the onslaught we faced in 2004 and 2005, but it only takes one storm to remind us of Mother Nature's fury. If that one storm does affect us, you can be assured that Palm Beach County is ready and able to respond quickly to the needs of our residents.

## CROS Ministries Provides Hope Through the Caring Kitchen & Food Pantry in Delray Beach

C.R.O.S. Ministries collaborates with people of different faiths and organizations to create solutions to the unmet needs of people in our community. On June 26th, we heard from Juanita Goode, who talked about the Caring Kitchen and Food Bank in Delray Beach, which are sponsored by CROS Ministries.

Juanita Goode

The Caring Kitchen is a hot meal program in Delray Beach located at 196 NW 8th Ave., two blocks north of Atlantic Ave. In 2011, The Caring Kitchen served 104,967 combined breakfast, lunch and dinner meals. The program includes numerous services such as job search assistance and referrals to human service and social service agencies in an effort to move people to self-sufficiency. All of The Caring Kitchen programs are carried out primarily with donated food and volunteers.

Non-perishable food items are collected by congregations, groups, and individuals throughout Palm Beach County and taken to the closest pantry. In 2012, 46,770 people received emergency food, nearly half of them children. The newest component of their Community Food Pantry program is "Nutrition in a Knapsack". This program provides nutritious food to children who might not have adequate food over the weekend during the academic year.

Unfortunately, hunger is a part of children's lives. The Ministries are staffed 95% by volunteers. Help is always needed. If you would like to volunteer with this program, call Juanita at 561-699-5113 or go to [www.crosministries.org](http://www.crosministries.org) for more information.

It's everybody's responsibility to be prepared in case a storm hits. Government alone cannot begin to handle all of the adverse impacts. It is up to each and every resident to have evacuation plans in place and make sure our homes are as secure as possible.

Please use the [Palm Beach County Hurricane Survival Guide](#) in preparing for the 2013 hurricane season. There are valuable phone numbers, lists and tips to keep your family safe in the event of another storm.

Don't wait until a hurricane is bearing down to make these important decisions. Do it now to ensure your family's safety. Together we can make it a safer and less worrisome hurricane season for everyone. If you have questions, please contact Palm Beach County Emergency Management at 561-712-6400. You can also go to <http://www.pbcgov.com/dem/hurricane/>. They are here to help you.

## \$ \$ \$ Happy Dollars \$ \$ \$

### Birthdays:

July 2 - Steve Rubin

### Wedding Anniversaries:

July 23 - Bob & Betty Hagel

### Membership Anniversaries:

None

**June 5th Meeting:** We started off the meeting with the announcement that we have a celebrity in our midst. **Ezra Krieg** was on TV the other night. He will be providing autographs at the end of the meeting. **Steve Rubin** had a "Early this Time" dollar. **Jean Antin** had a couple of grandkids visiting. **Carlene Laseter** had a great time in South Dakota, didn't want to leave. Ezra also put a dollar in for our speaker today. Everyone else was just happy.

**June 12th Meeting:** The famous **Ezra Krieg** started the festivities this morning with putting in 3 dollars - Marsha's birthday (Isn't he sweet?), sad about the Heat losing a game, and Extra happy about his son Zachary getting a summer job. **Carlene Laseter** had fun with the "Retired Lunch Bunch" and **Barbara Schooler** is going back to New York in 2 weeks to visit her new grand-daughter. **Jeff Goldman** put in \$5 because he is going on vacation and will not make the meetings for the next couple of weeks. **Jean Antin** was celebrating her 64th wedding anniversary and **Bob Barcinski** proclaimed "Go Spurs"...Boooooo! **Doug Martin** was having another wonderful day in paradise.

**June 19th Meeting:** Today's meeting saw **Ezra Krieg** reluctantly filling in as President. Doug was on vacation. So, with his new found power he made a motion that **Doug Martin** be re-elected to a second term as President. Being duly seconded and in a "Landslide" vote, the motion passed. Congratulations Doug! **Jean Antin** announced that her daughter and grand-son were visiting. **Scott Youngberg** announced the Miami Heat "pulled one out of their shorts" in winning last night. **Bob Barcinski** put a dollar in "just for the heck of it" (He wasn't happy about he Spurs losing). Ezra also added a dollar for the Heat. Finally, **Jay Alperin** brought up a tid-bit... that WD-40 was initially invented to remove moisture from equipment. Wow! I use it for everything!

**June 26th Meeting:** **Doug Martin** started the meeting with a dollar for **Jay Alperin's** Presidential Campaign. **Dale Morrison** seconded Jay's election campaign. **Scott Youngberg** thirded the election. Jay supports the election last week where Doug was re-elected for a second term. This is getting exciting. Stay Tuned! **Carlene Laseter** announced that in 2 hours she was leaving to see the grand-kids on the other coast. **Jean Antin** is also going to Massachusetts for July 4th. Everyone else was "Just Happy".

idea for our meetings.**

### **Vitamins**

#### **The importance of getting vitamins from food—not pills**

The antioxidants and other nutrients in fruits and vegetables help protect against certain types of cancer and other diseases. And while advertisements abound for supplements promising to deliver the nutritional benefits of fruits and vegetables in pill or powder form, research suggests that it's just not the same.

A daily regimen of nutritional supplements is not going to have the same impact of eating right. That's because the benefits of fruits and vegetables don't come from a single vitamin or an isolated antioxidant.

The health benefits of fruits and vegetables come from numerous vitamins, minerals, and phytochemicals working together synergistically. They can't be broken down into the sum of their parts or replicated in pill form.

## **Calendar Of Events**

**August 1-4** .....Florida District Kiwanis  
Convention - Jacksonville, Fl.

**TBA**.....Interclubs,  
31st Annual Golf Tournament

## **Other Doings. . . . .**

It is with great sadness to report that **Brian Shutt** has resigned from the club. He says he has driving duties for his kids going to school, which interferes with making the meetings. Sorry to see you go Brian, you will be missed.

Not to be overshadowed, **Kim Hale** followed up her Gift baskets for the children at AVDA, but also brought in 10 boxes of Pasta for the families at AVDA. Now that's what I call the "True Kiwanis Spirit". Well done Kim!

The Orchard View Elementary School BUGS presentation was a HUGE success. 148 kids were presented with awards. Way to Go Orchard View!

## **Warning Labels**

America's *Wackiest Warning Labels* Contest, sponsored by nonprofit Center for America, is now in its 16th year... and the results are in. Here are the five finalists:

"Wash hands after using." *A label on a common indoor extension cord.*

"Not for contact lenses or direct use in eyes." *A warning on a small bottle of spray-on, anti-fog cleaner.*

"Not for human consumption." *A warning on a package of rubber worms made for fishing.*

"Company will not be held responsible for any illness or injury that is incurred while using the pedometer." *A label on a commonly used pedometer.*

"Combustion of this manufactured product results in the emissions of carbon monoxide, soot and other combustion byproducts which are known by the state of California to cause cancer, birth defects or reproductive harm." *A warning on a box of matches.*

## Did You Know.....?

The Lee County and Labelle area Kiwanis clubs have joined together in an child safety awareness campaign designed to educate the public on the dangers on leaving unattended children in the car called "Not Even for a Minute."

Trinky Jarrett, a Kiwanis Club of Fort Myers Beach member and wife of Division 19 Lt. Governor Robert Jarrett, organized the design and printing of 5,000 car decals and fact sheets with money from a fundraiser involving all 14 Kiwanis clubs in the area. The decals have been distributed to daycare centers, churches, nursery schools and children's healthcare clinics in Lee County and Labelle.

"Parents should place the decal either on their dash boards or on the car window by where the child's car seat

is," said Trinky Jarrett. Jarrett is looking for funds to print more decals to keep up with demand as we head into the hot summer months. "We want to make the public aware that it is dangerous to leave an unattended child in the car – even if it's only for a minute," said Jarrett, "Kids are left unattended in cars every year. Too many of these children die.

Others suffer thermal burns, severe dehydration, seizures, kidney damage and brain damage. One death is too many."

### What They Say.....

**What motivates Kiwanis clubs toward achieving their altruistic and idealistic goals? In other words- Why Kiwanis?**

#### Tom DeJulio | President

"Clubs are motivated by idealistic members who believe they can work together in a spirit of generosity, overcome personal differences and build a better future for the world's children. They will achieve goals when no opportunity for action and collaboration is missed and the greater good is sought."

#### Peter Mancuso | President, Kiwanis International Foundation

"Kiwanis presents us with a perfect blend of fellowship and service, each reinforcing the other. Our projects are made more productive because of the fellowship we share in doing them. Our fellowship, in turn, is given a deeper purpose by the service we provide to those in need."

#### Gunter Gasser | President-elect

"For people, the intrinsic motivation is the momentum to help and understand the needs of others. Kiwanians lead in caring about the welfare of others and acting to help them. The clubs reach a sense of achievement in improving the lives of children, in changing the community and in making a difference."

#### John R. Button | Vice president

"The drive for clubs to achieve their altruistic and idealistic goals comes from inspired and inspirational leadership against a backdrop of fun, fellowship and relevance."

**PUBLIC SERVICE ANNOUNCEMENT**

**Retirement Realities Checklist (Part 1)**

Retirement is not a static point in time. It is a potentially decades-long period during which many factors can have a significant impact on your savings and income. It's always best to contact a Financial Planner or Professional to create a personalized plan. Here's Part 1 of a 10 point checklist to get you started:

**1. Determine your...Sources of Guaranteed Income**

Social Security and traditional pensions were long-considered the backbone of a retirement income plan, as both provide a guaranteed lifetime income. Yet, the roles of these two sources are diminishing over time. **IRI data shows that less than 40% of Boomers currently younger than age 60 expect Social Security to comprise a major source of their retirement income. Additionally, the number of defined benefit plans in the marketplace dropped 66% between 1985 and 2010.** Guaranteed income can help cover your everyday, essential expenses during retirement, addressing lifestyle risk. (Source: 2011 IRI Fact Book, pg. 98)  
Remember: Guarantees are based on the claims paying ability of the issuer.

**2. Determine your...Sources of Non-Guaranteed Income**

This includes stocks, mutual funds, bonds, commodities, inheritances, payments from company savings plans such as a 401(k) plan. Interest, dividends, and other gains help grow your overall investment portfolio, yet offer no guarantees on principal or earnings. Knowing the sources of non-guaranteed retirement income you can expect can help your advisor construct a plan for you that also offers principal and income protection to help preserve some of these gains. Note that non-guaranteed income is susceptible to sequence of returns risk—the risk of running out of money due to low performance in the early years of withdrawals—and asset allocation risk—the risk of investing too conservatively or aggressively to sustain your portfolio for the long-term.(Sources: GAO, Social Security Administration)

**3. Prepare for...Social Security**

Determining when to begin taking Social Security benefits is not to be taken lightly. Research from the Government Accountability Office shows that, between 1997 and 2005, 43% of individuals eligible to start benefits within a month of turning age 62 did so. It is important to keep in mind that **if you elect to commence your Social Security retirement benefits at age 62, your benefit payment amounts will be reduced from 25%30%, severely curtailing one source of lifetime income.**

**4. Prepare for...Longevity Risk**

None of us knows how many years we will live, therefore running the risk that our savings may be insufficient to last throughout our retirement years. In general, **if both you and your spouse are now age 65, there is a 50% chance that one of you will live to age 92, and a 25% chance that one of you will live to age 97.** Many investments you may own do not assure that funds will be available for as long as needed. Ask your financial advisor about supplementing your retirement investment portfolio with a guaranteed income product. (Source: Prudential Financial)

**5. Prepare for...Market Uncertainties**

The Great Recession had a significant impact on both everyday living expenses and retirement savings. **Nearly one-half of Baby Boomers found it more difficult to pay for essential items, such as food, gas, and medication, and one-quarter had difficulty paying their housing expenses.** And, 20% made premature withdrawals from their retirement savings accounts, cutting into their nest eggs. Although no one can say if and when a market downturn of this magnitude will occur again, the ups and downs inherent in the financial markets must be considered when saving and living in retirement. Learn your risk tolerance so that you and your advisor can select the investments most appropriate for you, as some financial products are more susceptible to market swings than others.

**That's how the fight started.....**

One year, a husband decided to buy his mother-in-law a cemetery plot as a Christmas gift.

The next year, he didn't buy her a gift. When she asked him why, he replied, "Well, you still haven't used the gift I bought you last year!"

And that's how the fight started.....

## International President's Message

by Tom DeJulio, *President of Kiwanis International*

### Hope for Haiti

This year, horrific tragedies have affected too many Kiwanis communities. Whether caused by the winds of nature or the evil nature of man, we watched as innocent children's lives were swept away without warning.

Praise and thanks belong to "first responders" who shielded, saved and protected children by their swift and courageous action—in Staten Island, NY; Newtown, CT; West Texas; Boston; Moore, OK; and everywhere around the world where a child's life was at risk from uncontrollable forces.

However, in the health centers, schools, streets and mountains of Haiti, the immunizations of mothers to protect and save newborns from death by tetanus is within the control of Kiwanis and its partner UNICEF.

The Eliminate Project is achieving its benchmarks with more than US \$30 million raised in cash and pledges. Kiwanis districts have declared cumulative goals of more than US\$90 million, and this does not include the millions being raised by our Service Leadership Program partners.

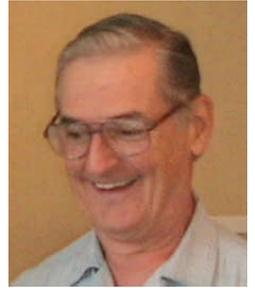

Let's continue to be among the "first responders" in Haiti and the 27 other nations where a newborn child dies every nine minutes from neonatal tetanus. Kiwanians are the heroes acting swiftly and courageously to end this scourge from the face of the earth.

## From Ben Bassford's Camera.....

Trusty photographer Ben and a helper or two are giving us some great memories from recent meetings and events. ENJOY!
