FAU's New Village & Stadium

We were delighted to have Craig Angelos, the Athletic Director at FAU give us a presentation on the progress of their new Innovation Village and Stadium at our May 4th meeting.

Innovation Village, a housing, recreation and retail complex that will include student residence halls, shopping and dining establishments and a 30,000-seat, open-air stadium. This addition to the Boca

Raton campus will offer the next wave of FAU students the opportunity to enjoy a fuller, more involving university experience as it creates a focal point for a wide array of recreational and social activities.

The new on-campus football stadium will allow students, alumni and fans to enjoy a wonderful facility on the Boca Raton campus where everyone can

enjoy a great game-day experience. A groundbreaking ceremony took place in Fall 2010; completion of the stadium is expected by Fall 2011.

Craig Angelos

Features of the 30,000-seat stadium will include: 24 suites, 26 loge boxes, A four-level press box, 1,000+ outdoor premier club seats, 4,000+ priority club seats, An air-conditioned, indoor 8,000-square-foot premier club that can be accessed by suite, loge and premier club seat holders, A covered, 16,000-square-foot outdoor priority club located between the premier and priority club levels that can be accessed by suite, loge, premier and priority club seat holders, Wider premium seats for the comfort of the fans, and a student-and-band-only section in the south end zone. For more information, go to www.faustadium.com and www.fausports.com.

Freedom For The Deaf Is Here

meeting presented by Video Relay Service Florida. VRSF enables users who use sign language to communicate via videoconferencing with a Video Interpreter (VI) through the internet. The VI then voices/relays the signed conversation

over the phone - in real time- to the hearing caller. By using sign language over the full motion video, this allows the sign language user to fully express in their natural language and convey facial expression and cues to ensure nothing gets lost in the translation. With VRSFLA, there's no typing, no extended delay, and no "GA"s - hassle-free, faster communication that flows as freely as a natural conversation. Go to www.vrsfla.com for more info.

Kijana is Building Great Schools

Our speaker on May 11th was Jim Cummings, the President and founder of Kijana, an organization that empowers Kenyan and American youth through school development projects and cultural exchange.

Jim Cummings

The Kijana Educational Empowerment Initiative, a non-profit organization, has had numerous successes that include the restoration of Mwituha Secondary School providing an education for over 240 students. They also partnered to restore Ebukuya Primary School, refurbished Ebusiloli Primary school, planted thousands of trees and donated money for textbooks and science equipment.

They have also built connections between students in Kenya at our various schools and students in the United States through pen-pal initiatives. Students in the Upper and Lower schools at The Benjamin School in Palm Beach Gardens have written letters to their global peers in Kenya and students from the schools have written to them. For more information visit www.kijana.org.

We All Need LTC Coverage

That was the message from Steven Seligman, our program on May 18th. Steve is a Financial Advisor with MetLife.

Steven Seligman

Long-term care insurance is a type of insurance developed specifically to cover the costs of long-term care services, most of which are not covered by traditional health insurance or Medicare. These include services in your home such as assistance with Activities of Daily Living as well as care in a variety of facility and community settings.

There is a great deal of choice and flexibility in long-term care insurance policies. You can select a range of care options and benefits that allow you to get the services you need in the settings that suit you best. The cost of your long-term care insurance policy is based on the type and amount of services you choose to have covered, how old you are when you buy the policy, and any optional benefits you choose, such as Inflation Protection. If you are in poor health or already receiving long-term care services, you may not qualify for long-term care insurance, or you may only be able to buy a more limited amount of coverage, or buy coverage at a higher "non-standard" rate.

An airline captain was breaking in a new blonde flight attendant. The route they were flying had a layover in another city. Upon their arrival, the captain showed the flight attendant the best place for airline personnel to eat, shop and stay overnight.

The next morning, as the pilot was preparing the crew for the day's route, he noticed the new flight attendant was missing. He knew which room she was in at the hotel and called her up wondering what happened. She answered the phone, crying, and said she couldn't get out of her room. "You can't get out of your room?" the captain asked, "Why not?"

The flight attendant replied: "There are only three doors in here," she sobbed, "one is the bathroom, one is the closet, and one has a sign on it that says 'Do Not Disturb'!"

May 4th Meeting: **Alberta Rickard** did the honors today, with President Brian ordering a "Pin Check". **Dale Morrison** went to see the Space Shuttle launch, which didn't happen. **Doug Martin** started the day fixing 6 flats before the meeting (The bikes for the Bugs give away). **Jay Alperin** couldn't remember why he was happy. **Jeff Goldman** was cheering on the Miami Heat and guest **Tim Van Patten** was happy to have "good joints". Everyone else was happy to see our numerous guests.

May 11th Meeting: **Carlene Laseter** played President today and did an outstanding job. We inducted a new member today, **Priscilla Sabates**, and everyone contributed in her honor. **Terrill Pyburn** was happy to be going to Puerto Rico to spend time with her squeeze. **Dale Morrison** was happy Terrill was here and Priscilla was happy to have joined. **Barbara Schooler** was happy for the flowers she got for Mother's Day and Carlene was happy to see her family and grand-kids, also on Mother's Day. Everyone else was happy.

May 18th Meeting: **Patsy Jones** did the honors today, she was happy she was going to Michigan. **Barbara Schooler** was happy for our newest member **Priscilla Sabates**. **Jay Alperin** is going on a fishing trip to the Bahamas with **Ray Osterlund**, who had a "Complaint" dollar. He says the new member apron should not be passed around for signatures. He's right! **Dale Morrison** is attending his daughter's graduation. **Ben Ruby** was happy for his grandson's championship run. **Scott Youngberg** was going to his son's Aviator of the Year award ceremony in San Diego. Finally, **Carlene Laseter** was happy that we will shortly see the return of the famous Jose Herrera to our meetings.

May 25th Meeting: No recap today as your Supreme Editor was absent. As quoted, "My Cub Reporters dropped the ball again". However, **Scott Youngberg** is proud to announce that his son Gregory received the USMC "Aviator of the Year" award this past weekend in San Diego, and will make a donation next week.

Interclubs

Steve Rubin, Chairman

Greetings Fellow Kiwanians:

The Club has abandoned all plans to attend an interclub any place north of Hypoluxo Road.

Only Ray Osterlund is willing to travel such distance. Our next interclub is scheduled as far to the south of Hypoluxo Road as possible. We should have excellent attendance. Deerfield Beach is the place, at 7:00 PM on Thursday, June 16, 2011. I think it might be an all you can eat buffet of lobster and prime rib for \$5.99 (subsidized by Division 23 Kiwanis dues). You'll have to go to find out.

Gold Coast Knights - Thurs., June 16th, 7 p.m.
Deerfield Country Club
50 Fairway Drive, Deerfield Beach

Please let me know if you can make it!

Thanks.
Respectfully,
Steve

Did You Know.....?

that approximately one-third of the Kiwanis family resides outside of North America? It's an interesting fact, and an impressive statement about our growth. But as we move farther into the 21st century, it also provides a fascinating glimpse of our future.

In an increasingly connected world, international growth is considered a natural part of an organization's evolution. But that "natural" step requires a lot of work and preparation. At Kiwanis International, we're doing that work. In the current year and beyond, we'll continue transforming Kiwanis into a network of members with the capacity to serve children—locally and globally.

A truly global organization understands the value of standards and guiding principles that allow it to be consistently effective, wherever its members may be. But it also recognizes the variations among the places those members call home.

That brings us to an important aspect of worldwide success: having the right people. As Kiwanis International's presence grows around the globe, the necessary capacities within our headquarters are growing too.

Our knowledge and experience are also making a difference where it matters most—in the local communities where our members live, work and serve.

In Europe, Kiwanis enjoyed another year of membership growth. One key factor: a structure that reflects the cultures of all members of the Kiwanis family. It works for them, and that's good for us. International growth is also an example of our ability to succeed globally by learning and listening locally. In fact, that's how we'll enhance members' service in the places we're growing now.

And it's how we'll find new opportunities for growth as we continue to explore our promise throughout the world.

Thought for the day.....

Why do drive through ATM's have Braille on the keys?

A motorist was mailed a picture of his car speeding through an automated radar. A \$40 speeding ticket was included.

Being cute, he sent the police department a picture of \$40.

The police responded with another mailed photo -- of handcuffs.

KIWANIS CLUB OF DELRAY BEACH – SUNRISE PRESENTS THE 28th ANNUAL ED LONIE AND HY SEIGEL MEMORIAL GOLF TOURNAMENT

Hello all!

Saturday, Sept 10th, 2011 is a go for our annual Kiwanis Golf Tournament. We agreed that this year we would gather a committee to organize and run our golf tournament.

While I wouldn't mind being the committee chair person, we definitely need four or five persons to get seriously involved. Here is a general 'to do' list:

- (1) Sign up teams and/or individual golfers to play.
- (2) Sign up Hole Sponsors (as many as possible).
- (3) Gather prizes to raffle off. (no prize is too small)!
- (4) Arrange for hole sponsor signs

to be prepared, or purchased. The Royal Palm School year does not start until Sept, and I don't think they can make the signs)!

- (5) Arrange for 'Hole-in-One' prizes for all four par 3 holes. (I can take care of this one)!
- (6) Find four volunteers to collect 'closest to the pin' monies out on the course.
- (7) Need three or four volunteers to man the front desk to collect money, sell raffle tickets, hand our goodie bags and mulligans. (Arrive at 7:15 and leave at 8:15)!

(8) Bring cash boxes, and start up cash, and goodie bags to front desk. (Need fives and one for those out on the course)! Bring list of golfer and team names to the front desk to be checked off. Give Bill Krews names of golfers and team names 1 or 2 days in advance for him to assign starting holes.

- (9) Bring hole sponsor signs to Bill on Friday afternoon (Sept 9th).
- (10) Select luncheon menu (See Beth at the club)!
- (11) Arrange for coffee, etc, on Sat morning by 7:15 am.
- (12) Arrange for inside table, podium, microphone.
- (13) Shop for and arrange goodie

bag contents (crackers, or oreos, coupons, tees, etal)?

That's probably enough for now, but in addition, we would love to entice Ben Bassford to take pictures, and possibly Ezra to drive a cart out to relieve those on the course for a break?

Although we all are aware of the economic conditions, it would be wonderful if we could amass 20 teams, 20 hole sponsorships, and many prizes (30 or more)!

We currently charge each golfer \$ 75.00 to play, and \$ 100.00 for each Hole Sponsorship. We can certainly vote on changes to those figures. If each Kiwanis member came up with one hole sponsorship, it would almost guarantee a successful tournament.

Sincerest Regards,

Ben
Ruby

US Army signs sponsorship

Kiwanis International signed a memorandum of understanding this past April, enrolling the U.S. Army as a sponsor of Key Leader. Key Leader is Kiwanis' weekend experiential leadership program for young leaders.

As a result of the agreement, teens participating in US Key Leader events will receive information on the U.S. Army's "March 2 Success" program, which provides free ACT and SAT preparation courses

for high school students.

At the signing, Kiwanis Executive Director Stan Soderstrom indicated that the organizations' shared values and goals makes for a logical relationship: "We all look forward to a better world through these efforts to prepare youth leaders of today for the challenges of tomorrow. Today, we pledge Kiwanis to action to bring this new sponsorship to life." Learn more at www.keyleader.org.

We are saddened by the passing of Maggi Woodall's husband Jay. Formerly of Wilmington, DE, Jay passed away peacefully on May 6th after a brief but courageous battle with cancer, surrounded by loved ones. Jay was loved by all who knew him for his generosity, strength, and caring heart. Donations are requested to Hospice by the Sea. Our Club made a donation in Jay's name.

Our club has started "dating" with the Noon-time club. We are looking at the possibility of merging the two clubs. Please welcome the noon-timers as they visit our club on a regular basis to get to know us, as we get to know them. You are also invited to attend one of their meetings on the 1st and 3rd Thursdays at Duffy's at noon.

At our May 18th meeting, **Steve Rubin** mentioned he found some old Kiwanis memorabilia, including a newsletter from January, 1997 that welcomed our newest member, **Barbara Schooler**.

As we Silver Surfers know, sometimes we have trouble with our computers. I had a problem yesterday, so I called Eric, the 11 year old next door, whose bedroom looks like Mission Control, and asked him to come over. Eric clicked a couple of buttons and solved the problem.

As he was walking away, I called after him, 'So, what was wrong? He replied, 'It was an ID ten T error.'

I didn't want to appear stupid, but nonetheless inquired, 'An ID ten T error? What's that? In case I need to fix it again.'

Eric grinned. 'Haven't you ever heard of an ID ten T error before?'

'No,' I replied.

'Write it down,' he said, 'and I think you'll figure it out.' So I wrote down: ID10T

I used to like Eric, the little bastard.

Our club had a very successful "BUGS" awards ceremony on April 29 at Village Academy Elementary and on May 4th at Orchard View. There were over 150 kids receiving their awards and prizes which included bicycles, toys and games. Making the presentations were **Doug Martin, Carlene Laseter, Ezra Krieg & Jeff Goldman**. Great Job and Many, Many Thanks! Here are some pics from Orchard View:

PUBLIC SERVICE ANNOUNCEMENT

ONIONS -- Who Would've Thought?

I had the wonderful privilege of touring Mullins Food Products, makers of mayonnaise. Mullins is huge, and is owned by 11 brothers and sisters in the Mullins family. My friend, Jeanne, is the CEO. Questions about food poisoning came up, and I wanted to share what I learned from a chemist.

The guy who gave us our tour is named Ed. He's one of the brothers. Ed is a chemistry expert and is involved in developing most of the sauce formula. He's even developed a sauce formula for McDonald's. Keep in mind that Ed is a food chemistry whiz.

During the tour, someone asked if we really needed to worry about mayonnaise. People are always worried that mayonnaise will spoil. Ed's answer will surprise you. Ed said that all commercially-made mayo is completely safe. "It doesn't even have to be refrigerated. No harm in refrigerating it, but it's not really necessary." He explained that the pH in mayonnaise is set at a point that bacteria could not survive in that environment. He then talked about the quintessential picnic, with the bowl of potato salad sitting on the table and how everyone blames the mayonnaise when someone gets sick.

Ed says that when food poisoning is reported, the first thing the officials look for is when the 'victim' last ate ONIONS and where those onions came from (in the potato salad?). Ed says it's not the mayonnaise (as long as it's not homemade mayo) that spoils in the outdoors. It's probably the onions, and if not the onions, it's the POTATOES.

He explained, onions are a huge magnet for bacteria, especially uncooked onions. You should never plan to keep a portion of a sliced onion. He says it's not even safe if you put it in a zip-lock bag and put it in your refrigerator. It's already contaminated enough just by being cut open and out for a bit, that it can be a danger to you (and doubly watch out for those onions you put on your hotdogs at the baseball park!)

Ed says if you take the leftover onion and cook it like crazy you'll probably be okay, but if you slice that leftover onion and put it on your sandwich, you're asking for trouble. Both the onions and the moist potato in a potato salad will attract and grow bacteria faster than any commercial mayonnaise will even begin to break down.

So, how's that for news? Take it for what you will. I am going to be very careful about my onions from now on. For some reason, I see a lot of credibility coming from a chemist and a company that produces millions of pounds of mayonnaise a year.

Also, dogs should never eat onions.. Their stomachs cannot metabolize onions. Please remember it is dangerous to cut onions and try to use it to cook the next day. It becomes highly poisonous for even a single night and creates toxic bacteria which may cause adverse stomach infections because of excess bile secretions and even food poisoning. Please pass this on to all you care about.

Int'l President's Message

by Sylvester Neal, Kiwanis Int'l President

Let the sparks fly

Membership and recruiting should be a continuous, major focus of every club. At every meeting, we need to ask our members to bring guests and thank the current members who do.

I challenge you to be the spark that sets off a membership fire in your club. Identify others who, like you, have a burning passion for service; those who give unselfishly of themselves and live the principles of Kiwanis. I challenge you to identify them and invite them to join the world's greatest service organization. Invite them to join us as we change the world again.

If you find a small group of people who want to join but their time or commitments make it difficult, consider forming them into a club satellite. When you combine meaningful service and have a welcoming environment, you're guaranteed to have a successful membership drive.

**Invite them to join us
as we change the
world again.**

For help and ideas on running a successful membership drive, check out some of the webinars on related topics and download the membership drive planning guide. You can find the webinar schedule at www.KiwanisOne.org/webinars and the guide at www.KiwanisOne.org/membership.

Remember, service is our fuel for growth.

So let's light the organization on fire!
