## Kibblez Assists Families To Feed Their Pets

Our program on May 2nd was presented by Angelina Wilson, the founder & President of Kibblez of Love, a Pet Food Bank. You may have heard the phrase "A voice for the voiceless", that's Angelina! Kibblez of Love helps pet parents by providing pet food and assisting with spay and neuter surgeries if needed. One of Kibblez's goals is to assist pet owners to not ever have to surrender their pets into an animal shelter. Animal shelters are supposed to care for the well being of all animals who enter their doors. This does not always occur however. Most owners who surrender

their pets to the shelter don't realize what a traumatic experience it is for your former family member. Also, did you know that your beloved pet doesn't even stand a chance to be adopted most times? That's right, owner surrenders are often given ZERO time before they face euthanasia. Angelina wanted to stop people from feeling that this is the only option, it isn't so, and she is here to help you keep your fur members with you, at home surrounded by love and comfort. For more information, go to [www.kibblezoflove.org](http://www.kibblezoflove.org).

## Girls Get Help Through "Winners By Design"

Our May 9th program was presented by Barbara Haider, the CEO/Founder of the One Love-One Community Foundation. The non-profit foundation funds the "Winners By Design" (WBD) mentoring program for girls. Their mission is to develop girls into role models for their peers, family and communities by providing the guidance, programs and

their personal successes and to avoid participating in "at risk" behaviors such as use of drugs and alcohol, sexual activity, truancy, violence and other criminal activities.

The "Winners by Design" program is a free program for all participants. While funded by One Love-One Community, the programs are sustained through fundraising, donations, corporate & individual sponsorships and grants. For more information or to help out, you may call Barbara Haider at 954-607-8989 or email her at [msbhaider@love-community.org](mailto:msbhaider@love-community.org).

**Changing lives.  
Building communities.  
Making a difference.**

On May 23rd, we welcomed Lottie Gatewood as our program speaker, representing the Achievement Centers for Children & Families. For 40 years the Achievement Centers for Children & Families have supported the low-income community of Delray Beach, Florida. What started out as a childcare

Lottie Gatewood

center in 1969 with only 20 children has now evolved into a social services agency serving over 700 children and 150 adults. Their programs and services help families make life altering changes. They provide affordable childcare, after-school programs, adult education and resources to help families seek the assistance they need. Their vision is to break the cycle of poverty and help families realize economic self-sufficiency while preparing their children for academic success.

Programs are offered at their Lake Ida campus and the Beacon Center at Village Academy. All children and youth are provided a safe and nurturing environment with screened, experienced, credentialed staff. The Centers' services are designed to offer assistance and create a partnership with families. Every family with a child in their program pays an income-based fee, sometimes as little as \$5.00 per week. They currently have an Adopt-A-Class opportunity, where you can help provide much needed support. For more information, go to [www.delraychild.org](http://www.delraychild.org).

**Got Culture? Volunteers Needed!**

Our program on May 30th was presented by Jeanne Monte from the Program of Academic Exchange (PAX). There are 22 students, 14-17 years old coming to stay in Palm Beach County from Spain, for 4 weeks. Families are needed to host each student during their stay. The students will enjoy field trips and the exchange of ideas/cultures with their host families. To volunteer or to just help out, contact Jeanne at 561-213-0412 or [dreamandgrow@gmail.com](mailto:dreamandgrow@gmail.com). Make the difference in the life of one student.

*I would like to share an experience with you about drinking and driving.*

*As you well know, some of us have been known to have had brushes with the authorities on the way home from social events over the years.*

*Last night, I was out for a few drinks with some friends and had some rather nice red wine.*

*Knowing full well I may have been slightly over the limit, I did something I've never done before: I took a bus home. Sure enough I passed a police road block but as it was a bus, they waved it past.*

*I arrived home safely without incident which was a real surprise, as I have never driven a bus before and am not sure where I got it.*

### **Did You Know.....?**

This Year we celebrate 25 years of Women in Kiwanis.

Soon after Kiwanis' founding in 1915, women were attending meetings and volunteering, but they were not permitted to be members. In 1987, Kiwanis opened its membership and women have played active roles ever since.

#### **BY THE NUMBERS:**

More than 8,500 women joined Kiwanis clubs in that first administrative year, 1987-88. By 1994, 40,000 women were serving as Kiwanians. By 1997, 49,000 women were Kiwanians-nearly 15 percent of the organization's total membership. By the end of their first decade as members, women filled 17 percent of the lieutenant governor positions and 16.5 percent of club president roles.

I went fishing this morning, but after a short time I ran out of worms. Then, out of the corner of my eye, I saw a cottonmouth with a frog in his mouth.

"Frogs are good bass bait," I thought to myself. Knowing the snake couldn't bite me with the frog in his mouth, I grabbed him right behind the head, took the frog, and put it in my bait bucket.

Just then, I realized I had a problem: how was I going to release the snake without getting bit? So, I grabbed my bottle of Jack Daniels and poured a little whiskey in its mouth. The snake's eyes rolled back and he went limp.

I released him into the lake without incident and carried on fishing using the frog. A little later, I felt a nudge at my foot. There was that same snake with two more frogs in its mouth.

Life is good in the South.

**PUBLIC SERVICE ANNOUNCEMENT**

**Mayonnaise Jar & Two Beers...**

When things in your life seem almost too much to handle, when 24 hours in a day are not enough, remember the mayonnaise jar and the 2 Beers. A professor stood before his philosophy class and had some items in front of him. When the class began, he wordlessly picked up a very large and empty mayonnaise jar and proceeded to fill it with golf balls. He then asked the students if the jar was full. They agreed that it was.

The professor then picked up a box of pebbles and poured them into the jar. He shook the jar lightly. The pebbles rolled into the open areas between the golf balls. He then asked the students again if the jar was full. They agreed it was.

The professor next picked up a box of sand and poured it into the jar. Of course, the sand filled up everything else. He asked once more if the jar was full. The students responded with a unanimous 'yes.'

The professor then produced two Beers from under the table and poured the entire contents into the jar effectively filling the empty space between the sand. The students laughed. 'Now,' said the professor as the laughter subsided, 'I want you to recognize that this jar represents your life.

The golf balls are the important things---**your family, your children, your health, your friends and your favorite passions**---and if everything else was lost and only they remained, your life would still be full.

The pebbles are the other things that matter like your job, your house and your car. The sand is everything else---the small stuff. 'If you put the sand into the jar first,' he continued, 'there is no room for the pebbles or the golf balls. The same goes for life.

If you spend all your time and energy on the small stuff you will never have room for the things that are important to you. Pay attention to the things that are critical to your happiness. Spend time with your children. Spend time with your parents. Visit with grandparents. Take your spouse out to dinner. Play another 18 holes of golf. There will always be time to clean the house, fix the disposal or deal with things from your job.

**Take care of the golf balls first---the things that really matter.** Set your priorities. **The rest is just sand.**

One of the students raised her hand and inquired what the Beer represented. The professor smiled and said, 'I'm glad you asked.' **The Beer just shows you that no matter how full your life may seem, there's always room for a couple of Beers with a friend.**

Our club had two successful "BUGS" presentations in May. Below are a few pictures from the events. Unfortunately, my photo taking skills are slim and there aren't too many good ones to choose from. The raffles are pretty funny, 200 kids yacking it up and the numbers start to be called.....you can hear a pin drop.

It was a lot of fun to see. Thanks to **Terrill Pyburn, Jeff Goldman, Ernie Galinis and Ezra Krieg** for helping out.

And a special thanks to **Carlene Laseter** for arranging and coordinating the events. Doug Martin

# Executive Perspective

by Stan D. Soderstrom, *Executive Director of Kiwanis and the Kiwanis International Foundation*

## DUES AND DON'TS

Usually, I use this column to talk about an issue our readers might find interesting. As usual, there are some great stories about Kiwanis clubs doing great things. This time, however, I choose to provide my overview of a dues proposal our Kiwanis International Board of Trustees approved in April for submission to our delegates at the 2012 convention in New Orleans, June 28 -July 1.

First, it's a very short time to educate-and quite frankly, sell-the dues increase proposal. When we've had other dues increases proposed, we've always had much more time to make the case to our clubs. Our board members understand that.

The last time we raised our dues (and thus the overall revenue for Kiwanis) was 2003. Using a U.S. Federal Reserve Bank online calculator ([www.minneapolisfed.org](http://www.minneapolisfed.org)), I learned our US\$42 dues, which was set in 2003, would require more than US\$53 in 2012 for the same buying power. Add an overall decrease in Kiwanis clubs matched with all-time highs for the Key Clubs, Builders Clubs, K-Kids Clubs and Aktion Clubs they support-well, it's pretty easy to understand the math.

So, put yourself in the seat at the Kiwanis Board table. You have two choices. Continue to reduce expenses (which we do every year), or ask the delegates to consider paying another US\$15 annually. We presently have a hiring freeze in our office, which translates into reduced services for our adult and youth clubs. Before we make any further cuts, our board members felt they should inform our clubs and give them the option.

We've tried to be good stewards of the organization's financial resources, and I feel we have been that. Kiwanis has benefited from careful financial management, with an operating surplus every year since 2003 except 2010-11. And, we've built a reserve that anchors our liability insurance, building and magazine funds. But we cannot maintain that for very long.

No' one likes higher prices. But, it might be time to raise our dues. I hope you'll carefully consider what's at stake for Kiwanis.
