Love & Help is available at GrandMa's

Our program on February 27th was presented by Roxanne Jacobs, the Executive Director of GrandMa's Place, Inc.

Grandma's Place accepts physically and emotionally

compromised children from birth to 12-years-old who have been removed from their own homes because of abuse or neglect. They contract with ChildNet to provide 24 hour/seven days a week, 365 days a year care, with wake staff around the clock for these children and assume responsibility for their safety and well

being while in the program.

The agency provides shelter, food, clothing, as well as constant supervision, transportation, school supplies, personal items and incidentals for each child at their residential community in Royal Palm Beach. They make each child feel safe, comfortable and loved. Their professional staff works with the child's caseworker, guardian ad litem, therapists, and families toward a case plan for reunification. When reunification isn't possible, they work with other agencies to assist with finding a suitable foster or adoptive home. For more information, go to www.grandmasplacepb.org.

Breaking The Cycle of Homelessness

Calvin Phillips, Director of Housing of the Lord's Place, presented the program on February 20th. For more than 30 years, The Lord's Place has continued to provide cutting edge services to the homeless population of Palm Beach County. Their continued commitment to the homeless community has changed the lives of countless men, women and children who have gone on to be everything they ever dreamed they could be, and most importantly, self-sufficient.

The Lord's Place is a nonprofit, non-sectarian, 501(c)3 organization that has been changing the lives of homeless families and individuals in Palm Beach County for over 30-years.

They are committed to breaking the cycle of homelessness with programs and services that include COMMUNITY ENGAGEMENT, SUPPORTIVE HOUSING and JOB TRAINING & EMPLOYMENT.

During the past year, they served over 1,565 men, women and children. By the end of the year, 92% were no longer homeless. This past year, they also helped 133 formerly homeless men and women gain job skills and helped place 88 in jobs with local employers. Their success over the years is due to an unwavering commitment to their clients and an approach that balances compassion and personal responsibility. Be part of the solution. DID YOU KNOW?

5 ways to make a huge impact in 2019 without being a millionaire

When you think of people who outshine others at giving, chances are well-known philanthropists like Bill and Melinda Gates or Warren Buffet immediately come to mind. With their net worth well into the billions, it's easy to consider them among the people who are making the greatest impact.

Sure, the Gates and Buffet did top Forbes magazine's list of The 50 Biggest Givers over the years. However, charities couldn't survive if they only relied on donations from the super-rich. For example, much smaller donations by ordinary Americans totaled \$410 billion in 2018 - 78 times the amount given by the Bill Gates Foundation that same year. Wendy Smith points out that statistic in her book "Give a Little: How Your Small Donations Can Transform Our World", stressing that donations as small as US\$5 can change and save lives.

As 2019 gets underway, commit to making a huge impact in the lives of people around the world ... by starting off small. Here are 5 ideas to get you started.

1. Make it automatic. As we all know, good intentions can fade within a few weeks of us singing "Auld Lang Syne" after our New Year celebrations and resolutions. Many organizations, including Kiwanis, offer the option of donations in credit card installments.
2. Employer matching donations. Most of us are familiar with the concept of matching donations—when an employer makes a charitable gift equal to the amount donated by an employee. If your company does not have this option, ask your supervisor or human resources department to consider it as a benefit. It effectively doubles your charitable giving.
3. Friend matching donations. Why not implement the same concept with your friends and relatives? For example, if you donate US\$10, US\$25 or US\$50 monthly to The Eliminate Project, imagine the additional impact you can have by asking 10 of your friends to match that amount. Your US\$10 monthly donation amounts to US\$1,200, while a US\$50 monthly donation can generate US\$6,000—enough to save or protect the lives of nearly 3,500 women and children susceptible to tetanus.
4. Pair charitable giving with another New Year's goal. If you're planning to shed a few pounds or give up in smoking in 2019, devote the funds you normally would spend on sweets, fast food or cigarettes to your favorite charity.
5. Make a plan. Just like anything else, you may not accomplish your charitable giving goals without a strategy. ng of the year, commit an hour to studying the causes you are committed to supporting. Once you understand the "why" behind your donation, you'll likely be more committed to making a difference—and encouraging others to do the same.

HUMAN AND SPIRITUAL VALUES

(One of the six Objects of Kiwanis)

With everything that has happened to you, you can either feel sorry for yourself or treat what has happened as a gift.

Everything is either an opportunity to grow or an obstacle to keep you from growing. You get to choose.

— Dr. Wayne W. Dyer

The aspiring psychiatrists were attending their first class on emotional extremes. "Just to establish some parameters," said the professor to the student from Arkansas, "What is the opposite of joy?" "Sadness," said the student.

And the opposite of depression?" he asked of the young lady from Oklahoma. "Elation," said she.

"And you sir," he said to the young man from Texas, "how about the opposite of woe?" The Texan replied, "Sir, I believe that would be giddy-up."

1) Fact or Crap - The Eruption of Mt St Helens in 1980 produced no casualties.

2) Fact or Crap - The leading cause of house fires in the USA is burning candles.

3) Fact or Crap - McDonalds eliminated close to 1 million pounds of waste per year by making its straws lighter.

4) Fact or Crap - Napoleon's troops shot the nose off the sphinx in Egypt.

5) Fact or Crap - The statue of liberty's framework was made of steel

6) Fact or Crap - Chocolate can be toxic to dogs.

SERVING THE CHILDREN OF THE WORLD

The "Golden" Years ...

You know you're getting older when...

- ... Everything that works hurts, and what doesn't hurt doesn't work.
- ... You feel like the morning after, and you haven't been anywhere.
- Your little black book only contains names ending in M.D.
- ... Your children are beginning to look middle-aged.
- ... Your mind makes contracts your body can't keep.
- ... You look forward to a dull evening.
- ... Your knees buckle and your belt won't.
- ... Your back goes out more than you do.
- ... You know all the answers, but nobody asks the questions.

Don't skip breakfast

Not hungry first thing in the morning? Pushed for time? Trying to lose weight? There are many calorie-counted treats that will tempt you to rediscover the pleasure of breakfast. From energy-boosting "apple pie" porridge and protein-packed scrambled eggs, to a nutrient-rich green smoothie and granola bars, there's something for everyone.

"Creating the habit of eating in the morning is something you can build towards," says dietitian Alison Hornby. "Start off with a light bite, such as a piece of fruit or a low-fat yoghurt. "After a while, your morning appetite will naturally increase and you'll probably find you eat less throughout the day, including snacks."

Research suggests people who eat breakfast are slimmer because they tend to eat less during the day, especially high-calorie snacks. If you're short on time in the morning, think about ways of gaining time by keeping your breakfast choice simple, either by waking up 10 minutes earlier or getting other chores out of the way ahead of time.

PUBLIC SERVICE ANNOUNCEMENT

Don't Fall for Scam Calls and Emails Posing as IRS

Scammers and cyberthieves continue to use the IRS as bait. The most common tax scams are phone calls and emails from thieves who pretend to be from the IRS. Scammers use the IRS name, logo, fake employee names and badge numbers to try to steal money and identities from taxpayers.

Taxpayers need to be wary of phone calls or automated messages from someone who claims to be from the IRS. Often, these criminals will say taxpayers owe money and demand payment right away. Other times, scammers will lie to taxpayers and say they're due a refund. The thieves ask for bank account information over the phone. The IRS warns taxpayers not to fall for these scams.

Below are several tips that will help filers avoid becoming a scam victim.

IRS employees will not:

- Call demanding an immediate payment. The IRS won't call taxpayers if they owe taxes without first sending a bill in the mail. Demand payment without allowing taxpayers to question or appeal the amount owed. Demand that taxpayers pay their taxes in a specific way, such as with a prepaid debit card. Ask for credit or debit card numbers over the phone.
- Threaten to contact local police or similar agencies to arrest taxpayers for non-payment of taxes.

- Threaten legal action, such as a lawsuit.

If taxpayers don't owe or don't think they owe any tax, and they receive an inquiry like this, they should:

Contact the Treasury Inspector General for Tax Administration. Use TIGTA's "IRS Impersonation Scam Reporting" web page to report the incident.

Report the incident to the Federal Trade Commission. Use the "FTC Complaint Assistant" on FTC.gov. Add "IRS Telephone Scam" to the comments of your report.

In most cases, an IRS phishing scam is an unsolicited, fake email that claims to come from the IRS. Some emails link to sham websites that look real. The scammers' goal is to lure victims to give up their personal and financial information. If the thieves get what they're after, they use it to steal a victim's money and identity.

For those taxpayers who get a phishing email, the IRS offers this advice:

- Don't reply to the message.
- Don't give out your personal or financial information.
- Forward the email to phishing@irs.gov. Then delete it.
- Don't open any attachments or click on any links. They may have malicious code that will infect your computer.

Here Comes "Little Johnny"

Little Johnny comes downstairs crying.

His mother asked, "What's the matter now?"

"Dad was hanging pictures, and just hit his thumb with hammer," said little Johnny through his tears.

"That's not so serious," soothed his mother.

"I know you are upset, but a big boy like you shouldn't cry at something like that. Why didn't you just laugh?"

"I did!" sobbed Johnny.

Little Johnny was crying one day, and his dad asked him why.

'I've lost five cents,' sobbed Johnny.

'Don't worry,' said his dad kindly.'

Here's five more for you,' At this Johnny howled louder than ever.

'Now what is it ?' asked his dad.

'I wish I'd said I'd lost ten cents!'

See You In June

Now halfway through our Kiwanis year, many of our districts are holding mid-year meetings where members get a taste of the education Kiwanis has to offer.

It's good to regroup and assess progress on our goals. We refocus on membership and growth, recognition, celebration and continuity. By keeping continuity in mind, we are reminded that success without succession is a failure!

Kiwanis prides itself on providing a variety of educational opportunities to broaden us individually and as an organization. If you are looking for more after the mid-year meetings, or if your district does not hold them, make plans now to attend our great Kiwanis International convention in June at Walt Disney World's Resort, Florida

This year we are planning nearly 90 education workshops that will set up your clubs and districts for greater success. There will be programs on membership, effective communications and training for positional leaders such as club president and lieutenant governor. Learn how to make the most from our corporate partnerships, such as literacy awareness with our Penguin Random House/ Scholastic alliance.

At the convention, we'll give ourselves a pat on the back for the positive effect we've had in communities. You can return home with a refreshed spirit and tell your neighbors about the Impact of Kiwanis through our fellowship, service and Signature projects.

After recognizing our accomplishments comes raising the bar for the future. How much better could Kiwanis serve children if we had more members? Served more hours? Gave more donations to the Kiwanis Children's Fund?

I will be honored to meet and listen to the man who has inspired me and our 2018-19 Kiwanis year: Jim Collins, author of "Good to Great." Jim's business principles are guiding us as we take Kiwanis from good to great. Jim will be our opening speaker on Thursday, June 26.

After convention business, we can celebrate our successes and socialize at Poly's Patio, our own special gathering place at Walt Disney World® Resort. Registration is now open at Kiwanis.org/convention/2019. I hope you'll join me in Florida for a memorable convention experience!
