## Fall 2023 Police Appreciation Awards

Our Fall 2023 Police Appreciation awards took place on September 27th at the Delray Beach Golf Club. We recognized Detective Megan Vickery and Service Population Advocate Yazmin Salguero.

**Megan Vickery:** In September of 2022, Det. Vickery was assigned an Internet Crimes Against Children (ICAC) case after receiving a cyber tip from the National Center for Missing and Exploited Children. The tip stated that a nondescript user on the social blog site "Quora" had uploaded an image to the website that depicted child pornography. The tip only included the users email address, Internet Protocol (IP) address, and the name "Mike C" .

In October Det. Vickery received information from Comcast thru a subpoena that identified the home address and account holder associated with the IP address. Because IP addresses are only unique to an account and not necessarily a person, Det. Vickery began to investigate the residence and the suspected occupants.

Det. Vickery confirmed that there were only two occupants in the home

where the image was uploaded. The occupants were two males, a 77-year-old father and his 58-year-old son. However, Det. Vickery was unable to confirm which of the two had actually uploaded the image to Quora.

After months of investigating and reviewing records, Det. Vickery decided to approach the residence to speak with the father and son. During the visit, the 58-year-old son confirmed that he knew of the social platform Quora but denied ever using it. The son provided his email address which matched the one associated with Quora account, but he refused to provide his phone number or to allow

## Delray Beach Fire Rescue

Our program on September 20th was presented by Joe Mazzeo, Delray Beach

Assistant Fire Marshall and Dani Moschella, Public Affairs Manager.

The men and women of Delray Beach Fire Rescue are dually trained as Firefighters and Paramedics, and our services include: Fire and Safety Education, Special Operations, Plan Review, Code Enforcement, EMS Transport, Fire Inspection, Fire Investigations and Hazardous Materials Response.

Included in their programs and

Services is the residential lock box program. DBFR's Residential Lock Box program allows participants to safely leave a key on their front door in a small, safe-like box that can be accessed with a master key that only firefighters have. That means firefighters can get in quickly after a medical emergency or fall.

They also provide Home Safety Survey's, blood pressure screenings, car seat installations, CPR instruction and much more.

From **Police**, Page 1

Det. Vickery to review the contents of his device.

Det. Vickery then decided to draft a search warrant for the Quora account in hopes of refuting the son's statement and to identify potentially incriminating conversations and images. In June of 2023, Quora produced hundreds of pages of sexual online communication with suspected minors. Det. Vickery meticulously examined the records to identify potential victims. During this review process Det. Vickery identified communication and corresponding images with a 14-year-old child in California. The communication was sexual in nature and rose to the level of criminal solicitation of a minor.

Det. Vickery briefed the State Attorney's Office of her findings and on June 28th Det. Vickery was granted a search warrant. On June 30th, with the assistance of the Delray Beach Police Department's SWAT team, she executed the warrant resulting in the recovery of 7 cellphones, a laptop, and illicit drugs.

Det. Vickery brought the suspect back to the police department for an interview where he acknowledged ownership of the Quora account and confessed to the solicitation. The suspect was arrested and charged with obscene communication with a minor.

Fearing that other children may be at risk, Det. Vickery worked diligently to identify the suspect and prevent further sharing of sexually explicit material involving minors. Over the course of this 10-month investigation, Det. Vickery served numerous subpoenas, drafted 3 search warrants, and recovered electronic devices that contain suspected child pornography as well as illicit drugs. Det. Vickery's pursuit of justice and compassion for voiceless crime victims resulted in the incarceration of a child predator and is undoubtedly a positive reflection on the Delray Beach Police Department.

**Yazmin Salguero** was hired for the position of Service Population Advocate which was funded by the Kimmel Grant. Her role was to focus on homeless prevention. Many of our housed citizens in Delray Beach are on a fixed income and one check away from homelessness.

Yazmin learned how to assist residents in utilizing the LIHEAP program ( Low income home energy Program). It is a federally funded program that helps income qualified families with home heating and cooling costs.

Yazmin has been meeting with residents at the Lake Delray apartments, assessing if each resident is eligible and goes through the process of getting them paperwork ready (which is very time consuming) and completes the application with them. If LIHEAP is approved it will save the recipient up to \$1200 yearly on the FPL bill.

Through February 2023, Yazmin has obtained LIHEAP for 35 individuals and has been able to save them a total of \$33,400.

Without the assistance of Service Population Advocate Salguero many of these individuals would not be able to pay their bills monthly.

**Thank you both for a job Well Done!**

## Milagro Sees The Future In Today's Stars

Our program on September 13th was presented by Barbara Stark, the President/CEO of the Milagro Center.

Milagro, translated from Spanish, means miracle. At the Milagro Center, they believe as Albert Einstein once said; "There are two ways to live your life. One is as though nothing is a miracle and the other as if everything is!"

Now in their 26th year, the Milagro Center, a 501(c)3 non-profit organization, provides superior out-of-school time arts education, TEEN, ARTreach and summer programs to South Florida's children and most disadvantaged populations. The Milagro Center is a place where miracles happen daily, where children learn the values of responsibility, love, simplicity, peace, and integrity.

They are a unique arts-integrated educational and cultural arts facility that provides enriched learning opportunities. The center strives to enhance social awareness and the pursuit of life goals within an honest and non-sectarian environment. They challenge you to find them. Where you ask? How about right here in Delray Beach! For more information, go to [www.milagrocenter.org](http://www.milagrocenter.org).

### There's a lot to love about being a Kiwanian

Puppies and babies and workouts and books are just a sampling of what Kiwanis members tell us they love right now. There's so much to love about this wonderful, diverse world, isn't there? So much to celebrate!

You probably love babies too. And puppies. (We know, we know: Not everyone loves a workout!) As you can guess, you already love a lot of things that are likely on other Kiwanians' lists as well.

We love a lot of things about Kiwanis as well. Because there's so much to love! We think Kiwanis is the best service organization in the world — and we bet you do too.

Here's a list of the top things we love about Kiwanis that we think you probably (or should) love too!

#### SERVICE

Let's face it: You're probably a Kiwanis member because, like us, you simply love helping others. It fuels your fire. Drives you to get up in the morning and head out to make someone's life better. Service is at the core of what you do — what we all do — to make children and families around the world happier, healthier, educated and loved.

#### EDUCATION

Learning is cool! At Kiwanis, we love to offer ways for Kiwanis family members to learn new things. Here are a few ways we enhance members' lives with learning experiences:

**Kiwanis Amplify.** A leadership program for those who want to amplify their ability to lead a team.

**Key Leader.** A weekend experience that empowers teens to become more caring and confident leaders.

**Global Leadership Certificate.** An online program for CKI and Key Club members who want to elevate their voices and build skills that will make them attractive to colleges/universities, trade schools and employers.

**Conventions.** From ideas for service to innovations in fundraising, you'll find it at the 2022 Kiwanis International Convention.

#### FELLOWSHIP

Fellowship can extend beyond your Kiwanis club. Think about all the people you've met and keep in touch with because of Kiwanis — including the people you've served or partnered with in your community.

Friendships can even extend beyond your division and your district. One great way to make friends is to attend conventions or help a Service Leadership Program member attend one. If you've been to a convention, you know that something magical happens: The world becomes smaller. A place like Nepal, for example, doesn't seem so distant or unfamiliar when you can say, "I have a friend in Nepal!"

Many things in life don't last forever. But the connections we make can last a lifetime. The service we do can improve the rest of a person's life. And the things we learn can change us for the better — forever.

These are the things we love most about Kiwanis. We bet you do too!

## HEALTHY LIVING TIP

### Tips for Eating Less Salt

Sodium isn't completely bad for our bodies, but too much can increase blood pressure and cause stress on the heart and blood vessels. Because of this, it's essential to monitor your sodium intake and be aware of how much sodium is in your foods.

If you want to tackle cutting back on sodium, choose unprocessed or minimally processed foods. Prepared foods are generally high in added sodium compared to fresh options. Cut back on sources of high sodium, such as pepperoni pizza, white bread, processed cheese, deli meat, hot dogs, and other red meat and processed foods. Instead, eat more fruits, veggies, and whole grains, all lower in sodium.

# TELLING THE KIWANIS STORY

## The Kiwanis Children's Fund helps seven clubs address kids' nutrition, physical fitness and comfort.

By Erin Chandler

In the months of May, June and July, the Kiwanis Children's Fund continued to amplify Kiwanians' ability to change lives in their communities by distributing microgrants to Kiwanis clubs with 35 or fewer members. Kiwanis Children's Fund grants improve the lives of children around the world by identifying the projects that create a continuum of impact in a child's life — an impact that spans their entire childhood and sets them up for a bright future. By funding projects that target the Kiwanis causes of education and literacy, health and nutrition, and youth leadership development, whether through a Kiwanis club's local service project or through a club's partner, the Children's Fund ensures that its grantmaking has the greatest possible impact.

Recent microgrants have gone to Kiwanis clubs around the world collecting school supplies, spreading literacy through physical and virtual libraries, and updating learning spaces for children. The following five clubs received funding for projects focused on enhancing the health and nutrition of kids in need.

### More nutritious food

At Twin Rivers Elementary School in McKeesport, Pennsylvania, U.S., 100% of the students qualify for the free lunch program. For the past two years, the Kiwanis Club of McKeesport White Oak has stepped in to make sure those students with the greatest need do not go hungry over the weekends with their Weekend Food Bag program. Kiwanis club members donate and pack food each week for the students to take home on Fridays throughout the school year. Last year, they gave a total of 1,080 bags of food to 30 students. A Kiwanis Children's Fund microgrant will help the club offer greater quantities of more nutritious food as they extend the program into the 2023-24 school year.

### Summer meals

The Kiwanis Club of Meramec Valley Community, Missouri, U.S., is teaming up with the Valley Park School District and several other local service organizations to make sure students up to age 18 have enough food during the summer months, when school is not in session. Volunteers use school kitchen and lunchroom facilities to store and pack food into lunch bags, which they distribute three times a week at three community sites. The club estimates that 50-75 children will benefit from the program, thanks to the food they purchase with the help of a Kiwanis Children's Fund microgrant.

### Bigger fridge, less hunger

For the past year, the Kiwanis Club of Bachten de Kupe, La Joconde, West Flanders, Belgium, has addressed both food waste and hunger in its community by turning surplus food from farms and businesses into food packages for around 1,000 children in need. Currently, one in eight children in Belgium struggle with food insecurity, and the number is growing beyond the club's ability to keep up with the demand. A microgrant from the Kiwanis Children's Fund will allow the club to purchase a larger refrigerator and double the number of children the project serves.

### Fresh veggies for school lunches

The Kiwanis Club of Leisure World, Silver Spring, Maryland, U.S., has a longstanding relationship with Harmony Hills Elementary School, donating clothes and books to students there. Now members are stepping in to boost the students' nutrition as well. With help from a Kiwanis Children's Fund microgrant, the club will donate vegetables from its community garden plot to children who are eligible for free or reduced-price lunches. Eight club members will weed, water and manage the garden.

### Outdoor adventures

With help from a Kiwanis Children's Fund microgrant, members of the Kiwanis Club of Corabia, Romania, will organize and run AdventureCAMP, a five-day mountain camp for children. Kids involved in the camp will spend time in the great outdoors, participating in two workshops per day on topics including personal development, first aid, road safety, reading a compass, building a campfire, hiking, climbing, ziplining and photography. Club members hope that more kids will reach their potential physically, mentally and socially thanks to their time at the camp.
