There's Help Through Family Mentoring

Our program on August 1st was presented by Suzan Santosus, the Director of Admin Services for The Children's Healing Institute (CHI). The mission of CHI is to prevent child abuse, promote pediatric health and strengthen families.

Families are the pillars of our society and the basis for strong communities. The Children's Healing Institute believes that by strengthening each member of the family through mentoring, the family will be more effective and prepared to deal with life's challenges. Some challenges are easier than others to manage. Families may find themselves isolated, or with grandparents taking care of grandchildren, a single mother/father, teen parents, many children, or with a parental history of abuse/neglect.

Sometimes there is no one to turn to and parents do the best they can on their own. But now there is someone to count on for suggestions and guidance, a Parent Aide Mentor!

The Parent Aide Mentoring program is a voluntary program for families with parents who feel overwhelmed and want to ensure that they have the skills and tools necessary to have a healthy, happy and safe home.

Learn The Art Of Digital Filmmaking

Dana Brookes

Our program on August 8th was presented by Dana Brookes, the Director of Development for the College of Motion Picture Arts at Florida State University. The school has joined with Digital Domain Media Group to provide classes in digital filmmaking. The school is starting small, with 30 students and rented space in an office building at CityPlace in West Palm Beach. For students in the new program, there will be no courses in math, science or economics — just all film, all the time. Students are told not to take part-time work, and they're

expected to be available during the summer to shoot films. "It's an immersion," said Andrew Syder, director of digital media programs at FSU's campus here. "It's like boot camp for three years." In a few years, FSU and Digital Domain hope to enroll 300 students in the bachelor's program, plus perhaps 300 more in "Essential Skills." Digital Domain has won accolades for its special effects work in such films as "Transformers" and "Tron: Legacy."

In addition, Digital Domain is currently looking for 300 animators for their offices in Port St. Lucie. For more information, Dana can be reached at 561-340-5015.

► **Mentoring, From Page 1**

Families will benefit from a mentor who will visit them a minimum of twice a month for at least six months. Services are family-centered and focus on Child Safety, Problem-solving Skills, Parenting Skills, and Social Support. Serves families living in Palm Beach County with at least one child under the age of 12. For more information on this and CHI's other programs, go to www.childrenshealinginstitute.org.

Simply Brilliant

Trish Rowland

Our program on August 22nd was presented by Trish Rowland, Co-Founder of SB Idea, Inc. S.B. Idea's mission is to empower families academically and economically to stand alone. It's About Family Literacy...

Family Literacy programs are unique that they provide learning opportunities for the entire family. Parents come to school with their young children so that they can become partners in their children's education and the family will value the importance of literacy.

Currently S.B. Idea, Inc. manages three family literacy academies located at Forest Hill Elementary in West Palm Beach, Freedom Shores Elementary in Boynton Beach, and Lakeside Presbyterian Church in West Palm Beach. For more information or to volunteer, go to www.sbidea.org.

Went to my new doctor for my yearly physical. The nurse starts with *Certain* basics.
 How much do you weigh?" she asks. "115," I say. The nurse puts me on the scale. It turns out my weight is 150.
 The nurse asks, "Your height?" "5 foot 8," I say. The nurse checks and sees that I only measure 5' 3".
 She then takes my blood pressure and tells me it is very high. "Of course it's high!" I scream, "When I came in here I was tall and Slender! Now I'm short and fat!"
 She put me on Prozac. (What a bitch!)

"Doc, I can't stop singing

'The Green, Green Grass of Home.'"

"That sounds like Tom Jones Syndrome."

"Is it common?" "Well, It's Not Unusual."

Eating fruit provides health benefits.

People who eat more vegetables and fruits as part of an overall healthy diet are likely to have a reduced risk of some chronic diseases. Fruits provide nutrients vital for health, such as potassium, dietary fiber, vitamin C, and folate (folic acid). Most fruits are naturally low in fat, sodium, and calories.

None have cholesterol. Any fruit or 100% fruit juice counts as a part of the Fruit Group. Fruits may be fresh, canned, frozen, or dried, and may be whole, cut-up, or pureed.

The importance of an occupation after retirement

As we get older we sometimes begin to doubt our ability to "make a difference" in the world. It is at these times that our hopes are boosted by the remarkable achievements of other "seniors" who have found the courage to take on challenges that would make many of us wither.

Harold Schlumberg is such a person:

THIS IS QUOTED FROM HAROLD:

"I've often been asked, 'What do you do now that you're retired?'

Well...I'm fortunate to have a chemical engineering background and one of the things I enjoy most is converting beer, wine, brandy and whisky into urine.

It's rewarding, uplifting, satisfying and fulfilling. I do it every day and I really enjoy it."

Harold is an inspiration to all of us!

Slot Machine Vote For Palm Beach County On Nov.6 Ballot

Mike Jones

Mike Jones, the Chairman for Coalition for More Jobs, Better Schools, A Stronger Economy, is encouraging us to vote Yes for slot machines in Palm Beach County in the upcoming election.

This is a referendum to allow slot machines at

the Palm Beach Kennel Club. The Kennel Club is a local business, and a licensed pari-mutuel facility, that generates hundreds of jobs and millions in tax revenue for Palm Beach County's economy. However, racetracks in surrounding counties, where slot machines have already been approved by voters, are hurting the Palm Beach Kennel Club's ability to compete and also taking away jobs and revenues from our local economy.

Jones says some of the reasons why it would benefit Palm Beach County's residents and our economy includes: creating jobs and bring in more local revenue to improve our economy; Keeps Revenues in Palm Beach County; Increases revenues for public schools; and Generates Tax Dollars for Palm Beach County. This proposal is supported by local business, civic and community leaders, elected and appointed officials and organizations across Palm Beach County.

There is a Coalition Meeting on the Slot Machine Referendum scheduled for Tuesday September 18th and October 16th from 12:00 pm to 1:00 pm. The meetings are open to anyone who would like to attend and lunch will be served.

For more information go to www.voteyesforslots.com.

Why Do We Belong to Kiwanis?

Kiwanis is a global organization of volunteers dedicated to changing the world one child and one community at a time.

Our members develop youth as leaders, build playgrounds and raise funds for pediatric research. We help shelter the homeless, feed the hungry, mentor the disadvantaged and care for the sick. Working together, members achieve what one person cannot accomplish alone. . . . And along the way, club members share friendship and laughter.

Kiwanis' Worldwide Service Project is a Kiwanis family initiative to make a positive difference in the world on behalf of children. In its first Worldwide Service Project, Kiwanis worked to virtually eliminate Iodine Deficiency Disorders (IDD), the leading preventable cause of mental retardation. Today, about 70 percent of the people in the developing world have access to iodized salt, and UNICEF has hailed this project as one of the greatest public health triumphs of the 20th century.

Kiwanis' current Worldwide Service Project is "The ELIMINATE Project". With The ELIMINATE Project, Kiwanis International and UNICEF have joined forces to eliminate maternal and neonatal tetanus (MNT). This deadly disease steals the lives of 60,000 innocent babies and 30,000 mothers each year. The effects of the disease are excruciating — tiny newborns suffer repeated, painful convulsions and extreme sensitivity to light and touch. To eliminate MNT from the Earth by 2015, 129 million mothers and their future babies must be immunized. This requires vaccines, syringes, safe storage, transportation, thousands of skilled staff and more. It will take \$110 million — and the dedicated work of UNICEF and every member of the Kiwanis family.

"I feel sorry for people who don't drink. When they wake up in the morning, that's as good as they're going to feel all day."

Jesus Knows You're Here"

A burglar broke into a house one night. He shined his flashlight around, looking for valuables when a voice in the dark said, 'Jesus knows you're here.'

He nearly jumped out of his skin, clicked his flashlight off, and froze. When he heard nothing more, after a bit, he shook his head and continued. Just as he pulled the stereo out so he could disconnect the wires, clear as a bell he heard 'Jesus is watching you.' Freaked out, he shined his light around

frantically, looking for the source of the voice. Finally, in the corner of the room, his flashlight beam came to rest on a parrot.

'Did you say that?' he hissed at the parrot. 'Yep', the parrot confessed, then squawked, 'I'm just trying to warn you that he is watching you.' The burglar relaxed.

'Warn me, huh? Who in the world are you?' 'Moses,' replied the bird. 'Moses?' the burglar laughed. 'What kind of people would name a bird Moses?' 'The kind of people that would name a Rottweiler Jesus.'

PUBLIC SERVICE ANNOUNCEMENT

Do You Really Need a Colonoscopy?

Screening for colorectal cancer—that is, cancers of the colon (large intestine) and rectum—is a proven lifesaver. This is partly due to the fact that this is one cancer which screening can actually prevent, since it can lead to the detection and removal of polyps, some of which may progress to cancer.

Colonoscopy is a good test, though not perfect. You should know your other screening options as well. Everybody age 50 to 75 should be screened for colorectal cancer, whichever test they use. People at high risk—notably those with a family history, a known genetic risk, inflammatory bowel disease or certain other disorders—should start earlier.

Discuss the screening options with your doctor. Colonoscopy is not the only test—which is fortunate, since there aren't enough skilled practitioners to screen all eligible people. Nor is it necessarily the best. All the tests have strengths and weaknesses, which you and your doctor need to weigh.

On the subject of Colonoscopies...

Colonoscopies are no joke, but these comments during the exam were quite humorous..... A physician claimed that the following are actual comments made by his patients (predominately male) while he was performing their colonoscopies:

1. Take it easy Doc.. You're boldly going where no man has gone before.
2. 'Find Amelia Earhart yet?'
3. 'Can you hear me NOW?'
4. 'Are we there yet? Are we there yet? Are we there yet?'
5. 'You know, in Arkansas, we're now legally married.'
6. 'Any sign of the trapped miners, Chief?'
7. 'You put your left hand in, you take your left hand out...'
8. 'Hey! Now I know how a Muppet feels!'
9. 'If your hand doesn't fit, you must quit!'
10. 'Hey Doc, let me know if you find my dignity.'
11. 'You used to be an executive at Enron, didn't you?'
12. 'Oh man, now I know why I am not gay.'

And the best one of all:

13. 'Could you write a note for my wife saying that my head is not up there?'

Did You Know.....?

Nickelodeon will turn off its TV broadcasts for three hours Saturday, October 6, and Kiwanis is joining the fun. The cable channel, which features programs for children of ages 6-17 years, is organizing its annual Worldwide Day of Play, encouraging its young viewers to turn off their televisions, computers, phones or any other electronic entertainment devices and go outside and play. Kiwanis clubs can participate in the day of fun by organizing outdoor play activities.

Because Kiwanis' family of Service Leadership Programs falls within Nickelodeon's audience, the Day of Play is an opportunity to play with a club's K-Kids, Builders and Key Club—either as co-sponsors of the event or as participants. Clubs may register their plans at www.nick.com/play. Registrants' names will scroll on Nick's broadcast during the TV blackout. The channel plans to feature some of the best Day of Play projects when it returns to the airwaves. For more details and tips on what you can do on Worldwide Day of Play, visit www.nick.com/play.

Three elderly men are at the doctor for a memory test. The doctor says to the first man, "What is three times three?" "274" was his reply.

The doctor says to the second man, "It's your turn. What is three times three?" "Tuesday", replies the second man.

The doctor says to the third man, "Okay, your turn. What's three times three?" "Nine", says the third man. "That's great!" says the doctor. "How did you get that?"

"Simple," says the third man.

"I subtracted 274 from Tuesday."

Int'l President's Message

by Alan Penn, President, Kiwanis International

KIWANIS HOSPITALITY

Congratulations, Kiwanis, on a great convention in New Orleans. Those attending enjoyed the sights, sounds and tastes of this great city. If you missed New Orleans, you can find a summary of events in the Kiwanis International magazine.

Well done, Kiwanis, for donating and pledging more than US\$14 million for The Eliminate Project. An amazing total when you consider that just one year ago we kicked off this fundraising campaign.

Congratulations to the newly elected leaders of our organization. We'll be in good hands with 2012-13 President Tom DeJulio, First Lady Rosemary and their team.

This is the last column I'll write, and Jeri and I want to thank all of you for your commitment and service to Kiwanis this year. What a wonderful organization we have. We are the best of all of the community-service organizations dedicated to improving the lives of children and families in our home communities and around the world.

Jeri and I thank each of you for your hospitality. As we visited clubs and districts, we participated in a large number of outstanding projects. Kiwanis *is* making a difference through your service. In earlier columns Jeri and I asked you to "Join Us" in our service to others. Now we leave you with a new phrase as a reminder to make sure our current and future members experience "Kiwanis Hospitality."

We exhibit Kiwanis Hospitality through our welcoming smile and encouragement, our work with children, our gifts of funds and our servant heart of service. We need to show Kiwanis Hospitality to our members so they'll continue their commitment as members. So they'll continue to have the fun, fellowship and networking experiences that set Kiwanis apart.

Jeri and I have felt Kiwanis Hospitality as we've traveled the world of Kiwanis. We hope you do too.

Alan and Jeri Penn
Kiwanis International President and First Lady

McQuillan walked into a bar and ordered martini after martini, each time removing the olives and placing them in a jar. When the jar was filled with olives and all the drinks consumed, the Irishman started to leave.
"S'cuse me," said a customer, who was puzzled over what McQuillan had done. "What was that all about?"
"Nothing," said the Irishman, "my wife just sent me out for a jar of olives."
