Committed to Seeking Justice

Our program on June 4th was presented by Alexcia Cox, State Attorney for Florida's 15th Judicial Circuit.

The State Attorney's Office is responsible for representing the community in the prosecution of criminal charges, from simple traffic offenses to capital murder. Their mission is to secure justice, safeguard victims and serve the people.

Alexcia leads a team of 115 prosecutors and 180 professional staff in five offices throughout Palm Beach County, including Delray Beach.

The prosecutors and staff have a solemn responsibility to all of the

citizens of Palm Beach County that their rights will be upheld and that the law will be applied equally to all, regardless of their background or circumstances ... They have to be committed not to getting convictions, but to seeking justice.

Cases include public safety, tackling violent crime - including repeat offenders, victim rights, elder crime, robbery, property deed fraud, animal cruelty, and more.

For more information, go to <https://sa15.org/>

FAU is a Top-Tier Research University

Our speaker on June 11th was Adam Hasner, President of Florida Atlantic University.

FAU has achieved the pinnacle of research excellence. In 2025, the Carnegie Classification of Institutions of Higher

Education designated Florida Atlantic as R1: Very High Research Spending and Doctorate Production - the most prestigious research accolade in the country.

In the competitive landscape of higher education, the Carnegie Classification plays a pivotal role in determining a university's standing. This distinction highlights Florida Atlantic's commitment to excellence in research and education, creating a magnet to draw in world-class faculty, top-tier students, new funding sources and global collaboration.

Florida Atlantic is among the Top 50 universities in the annual College Guide, with rankings based on social mobility, research, as well as community and national service. The "Best Bang for the Buck" rankings are

exclusive to highlighting how well universities help non-wealthy students attain marketable degrees at affordable prices.

"By providing affordable access to a world-class education that leads to high earnings after graduation, Florida Atlantic is transforming lives and creating generational change," said Adam Hasner. "Student success is a primary focus at Florida Atlantic and we are proud to be recognized as an Opportunity University by the Carnegie Classifications."

In fact, FAU is one of only 21 universities in the country that has both Research and Opportunity designations.

Spanning 110 miles of Southeast Florida's coast, FAU fosters a vibrant culture that encourages ingenuity and independence. Determination runs deep at Florida Atlantic, and students learn early that if they dream it - we've got the tools to help them achieve it. For more information, go to www.fau.edu.

Three Kinds of Sex...

1. PENSION SEX

Two men were talking. "So, how's your sex life?" "Oh, nothing special. I'm having Pension sex." "Pension sex?" "Yeah, you know; I get a little each month, but not enough to live on!"

2. LOUD SEX

A wife went in to see a therapist and said, "I've got a big problem, doctor. Every time we're in bed and my husband climaxes, he lets out this ear splitting yell." "My dear," the shrink said, "that's completely natural." "I don't see what the problem is." "The problem is," she complained, "it wakes me up!"

3. QUIET SEX

Tired of a listless sex life, the man came right out and asked his wife during a recent lovemaking session, "How come you never tell me when you have an orgasm?" She glanced at him and replied, "You're never home!"

Helping Leaders That Build Tomorrow

Our program on June 25th was presented by Jeff Perlman, CEO of the Carl Angus DeSantis Foundation.

Inspired by the innovative spirit and generous heart of entrepreneur and humanitarian Carl Angus DeSantis, this Foundation was established to honor his legacy while providing game-changing support for nonprofits and individuals whose initiatives model DeSantis's guiding principles. Here are their areas of focus:

Civic Innovation: The Foundation will invest in unique projects that add beauty and vitality to our local communities. They also invest in innovative civic programs that improve our community. Examples include, but are not limited to, unique crime prevention strategies, after school tutoring, affordable housing initiatives, college preparation, job creation, beautification efforts and economic development.

Faith-Based Giving: The Foundation's passion is to help others by providing generous support of programs designed to alleviate human suffering. The CADF prefers to support agencies that assist people who have fallen on hard times, have special needs or need additional training and education to improve their lives.

Health& Nutrition: To honor Mr. DeSantis' lifelong fascination with health and nutrition, the Foundation supports programs and organizations that devise strategies for improving human health.

Leadership and Entrepreneurship: These are the two things that transform communities. It's the visionaries, creators and risk takers who move our world forward and build better tomorrows for all of us. The Foundation honors our founder's track record of leadership and entrepreneurship by supporting programs and initiatives that nurture, train, and grow the next generation of game changers.

Overall, their mission is to champion people of action who are a transformative force for good in this world. There is a 4-Step process to receive a grant. Go to <https://cardesantis.org> for more information.

Board Meeting Notes

Our club's recent Board Meeting took place via Zoom on May 5th. Here are the notes:

I. Board Attendance: President Dave Freeburn, Secretary Jay Alperin, Treasurer Bill Morse. Directors: Kelleher, Davidson, Pam; Krieg, Davidson, Joel; Sablo, Devoe, Laseter

II. Foundation Attendance: President Freeburn, Vice-President Pollack; Secretary Alperin; Treasurer Morse, Directors: Colonna, Youngberg, PDavidson.

III. Secretary's Report: Minutes of May 5, 2025 Kiwanis board meeting. Motion to approve made by Jay Alperin. Seconded by Peggy Kelleher. Approved unanimously

IV. Financial Report: Bill Morse reported that there is \$11,298 in the Foundation account, and approximately \$15,000 in the Club account. Motion to accept the Financial Report. Motion made by Jay Alperin. Seconded by Peggy Kelleher. Approved unanimously.

V. Old Business:

A. Story Trail Committee Update. Joel Davidson reported that the Story Trail Committee submitted four (4) book titles to the City and all were approved. Copyrights will not be an issue. The Committee's next meeting will be at Barwick Park on Monday June 16th at 9 a.m.

B. Food Drive Recap and alternative food drive initiatives. Rich Pollack informed the Board that 310 food items had been collected from the members. David Freeburn asked if the club should continue the food drive, perhaps with a different organization. Ezra Krieg remarked that if that was the direction taken we should look at working with several different organizations and maybe do it periodically. Pam Davidson felt that when you have an ongoing donation drive people get burned out and the impact is diluted. The consensus was not to have an ongoing drive at this time. Rich also reported on the Cathy Shore (Vietnam veteran nurse) presentation – 43 people attended.

C. Pancakes, Pints and Pigskins. Peggy Kelleher has confirmed the November 16th date with Finnegan's. The event will be similar to the previous one, we will need sponsors, auction items and raffle items. We expect a larger turnout due to the popularity of the last event.

D. Happy Hour. Fifteen (15) people attended the most recent happy hour at Tim Finnegan's. The consensus was to have another one there in July.

E. Alternate meeting location options during golf course construction. The City is planning to make renovations to the golf club – they hope to start in November or December. Kiwanis will not be able to meet there while construction is underway. Jay Alperin asked board members to come up with ideas for alternate meeting sites.

F. Fundraising Committee. The committee has not met yet.

G. Kiwanis Presidential Scholarships. Scott Youngberg stated that there were four scholarship recipients so far-- two from each high school (Atlantic and American Heritage), with the possibility of awarding two more. The question was raised if Atlantic High had paid their Florida Key Club dues – that detail will have to be confirmed. Dave Freeburn volunteered to be a liaison with the schools for the Key Club program. Joel Davidson asked if there would be an awards presentation. Scott responded that club members used to present the awards to the students in person but that hasn't occurred lately. A Key Club chairman is needed to re-energize communications with the schools and students.

H. Golf Tournament. Scott reported that the event is progressing, and organizer Linda Brown would give an update at Wednesday's club meeting.

I. Kiwanis Shirt Order. Scott said that the order had been placed but there is a backlog of shirts and delivery was delayed.

J. Interclub meeting with Boca Kiwanis Club. Members of the Boca club have been invited to attend our Wednesday club meeting (June 11). FAU President Adam Hasner will be the speaker.

K. Budget/Calendar of Events. Jay said that he and Bill Morse are hoping to have a budget completed by September, along with the calendar of events.

VI. New Business:

A. Education Breakfast. Rich Pollack stated that it will cost \$450.00 to sponsor the event, which will secure a table for ten (10). He thought we might be able to get two tables. The event is August 28th at the city's golf club. As proposed the Kiwanis Club would contribute \$25.00 per person and attendees would contribute \$20.00 each. Motion to approve sponsorship of Education Breakfast. Motion made by Rich Pollock. Seconded by Bill Morse. Approved unanimously

B. Kiwanis Club Foundation Mission Moment. David asked if we were interested in submitting one of our activities to be highlighted in this initiative. Pam said that it would have to be a major program, and right now our club doesn't have anything like that.

C. District Convention August 8 - 10. So far District 1 has only three attendees registered, it would be nice to have more of our members in attendance.

D. Delray in White. This event will be held August 1st. Kiwanis bought a table last year—unfortunately the weather was bad. Peggy suggested that we discuss it at next month's meeting.

E. Key Club Breakfast. Ezra said the plan is to invite the Key Club members to one of our club's August meetings. The Key Club chairman will have to set it up and promote it with the schools.

VII. Other:

Pam would like to schedule a meeting on awareness of youth protection. Scott received a nice letter from the library about the club's participation in their Trivia Night event.

Next meeting: July 7 .

DID YOU KNOW?

Why Do We Say "Bless You" When Someone Sneezes?

Sternutation, the medical term for sneezing, is a sudden, forceful, involuntary burst of air through the nose and mouth. It can be triggered by irritants in the nose or throat, environmental allergies, or viral upper respiratory infections. Some people even experience photic sneezing, which is sneezing in response to bright light, such as sunlight. The condition is formally known as autosomal dominant compelling helio ophthalmic outburst syndrome. That's right, ACHOO syndrome.

Regardless of the reason for a sneeze, the polite response is commonly "bless you" or "God bless you." Unlike with other bodily functions, particularly the closely associated cough, it is considered poor manners to let a sneeze go unanswered. Saying "bless you" is such an expected social custom that *not* saying it can lead to an awkward and uncomfortable silence, which might explain why a singular sneeze can garner several blessings from people nearby. The question is, why exactly is the phrase "bless you" the standard response to a sneeze?

A Prayer To Protect the Soul

For most of history, and before the advent of modern medicine in the late 19th century, life could be brutally brief. Globally, the average life expectancy of a newborn in 1900 was just 32 years. By 2021, the number had more than doubled to 71 years. Death took many forms, but infectious diseases, including bubonic plague and influenza, could wipe out entire communities in a matter of months. So any outward sign of illness, such as sneezing, was reason for concern — and in turn, prayer.

WHO JOINS KIWANIS

Kiwanis club members believe in service. They care about children. They're interested in the community around them because the community matters to them.

They're people like you. Friends. Neighbors. Volunteers who want to make a difference. And they love to see the difference they make when they work together.

BENEFITS OF JOINING

Study after study shows that volunteering with an organization like Kiwanis does more than make people feel good. Volunteering enhances social networks, improves mental health and contributes to higher levels of happiness, self-esteem, self-worth and life satisfaction.

Volunteers develop life skills and leadership abilities that can lead to employment opportunities.

KIDS NEED KIWANIS

Kiwanis is the safety net that creates opportunities for children to be curious, safe and healthy regardless of the community in which they live.

Kiwanis is a positive influence in locations worldwide with a dream that all children will wake up in communities that believe in them, nurture them and provide the support they need to thrive.

Remember, This is The Formula:

**Love being a Kiwanian. Love your club.
Share it with others. Live it.**

PUBLIC SERVICE ANNOUNCEMENT

It's important to know the signs of a Medicare scam so you can protect yourself. To get your personal information, like your Medicare number, **scammers may call, text and email saying things like:**

- "You need to activate or renew your Medicare card."
- "We'd like to send you a free genetic testing kit."
- "Medicare has authorized us to send you a free (knee, back or elbow) brace."
- "You qualify for a refund on your Medicare costs."

Remember, **never give your Medicare card or number to anyone** except your doctor or people you know should have it.

Keep in mind: Caller IDs and email addresses can be faked, so if you're not sure who's calling, **call Medicare at 1-800-MEDICARE (1-800-633-4227)**. And remember, Medicare will never contact you unless you've contacted us first.

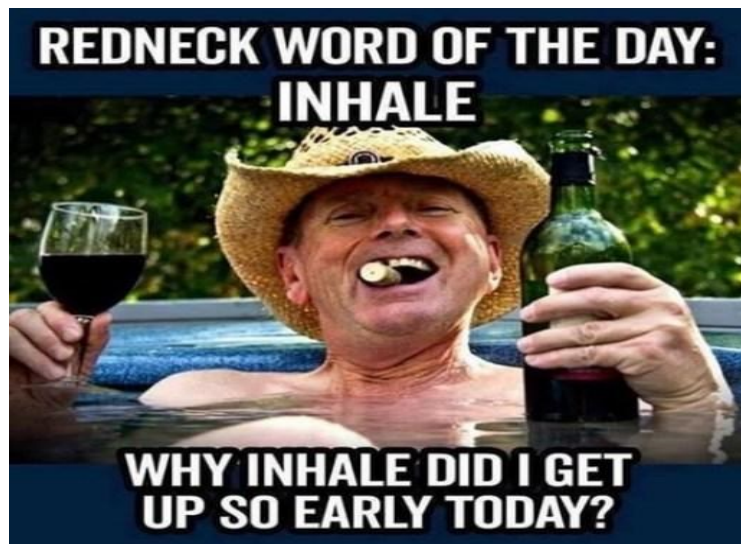

To help spot and prevent Medicare fraud and abuse:

Compare the dates and services on your calendar with the Medicare statements you get to make sure you got each service listed and that all the details are correct.

Protect your personal information and become familiar with how Medicare uses it.

Know what a Medicare health or drug plan can and can't do before you join. If you join a Medicare health or drug plan, the plan will let you know how it will use your personal information.

A Lawyer and the Pope died at the same time, both went to heaven. They were met at the Pearly Gate by St. Peter who conducted them to their rooms. The Pope's room was spartan with bare floor, army cot for a bed, and a single bulb for light. They came to the Lawyer's room. It was huge with wall to wall carpeting, king sized water bed, indirect lighting, color TV, stereo, Jacuzzi and fully stocked bar. The Lawyer said, "There must be a mistake. This must be the Pope's room!" St Peter said, "There's no mistake. This is your room. We have lots of Pope's, but you're our very first Lawyer!"

HUMAN AND SPIRITUAL VALUES

(One of the six Objects of Kiwanis)

"The road less traveled is sometimes fraught with barricades, bumps, and uncharted terrain. But it is on that road where your character is truly tested."

— Katie Couric

Why is it that if you give a child an encyclopedia, lawyer is always the third thing they look up?

Because the first thing a child looks up is dog. The second is snake. And under snake, the encyclopedia says See Lawyer.
