PROGRAM: Today we have the scholarship meeting which is led by Brian Sanders. We had a total of 17 recipients each receiving a \$2000 scholarship

Brian started off by asking members of the club: What job do you do at Car Show to help raise money for scholarships?

Marty and Channa - ecology team and we take out the trash!

Robert Husman aka Santa: fencing, layout, assist with security, parking cars, etc.

Gary Goodman: parking cars. Making sure car owners are happy and having fun

Bob Dunbar: port a potty emeritus. Graduated, now giving advice to son who now has that job

Jim Felt aka Buggy Boy: making sure everyone who needs a cart gets one for their needs

Loren: same job for 20 years. Set up tents, etc.

Judy: registration of all car owners. We wanted to go digital, but some still prefer paper applications to this day. We are all volunteers, we do not have an office. Students, please help parents/grandparents to register online. Don't do it for them, teach them so that they can do it themselves.

This year we had a special scholarship in honor of Jim Long; this is the first Art Scholarship that we have awarded. Xavier created a short film about fentanyl awareness which describes how it affects your family, friends, and school. The video shows how one copes then turns to drugs.

Xavier also presented some photos from a recent trip to New York. While he attended the film competition he took some candid photos of the surrounding areas. Before he started doing film, he was doing animation because he wanted to work for Pixar.

Jim Long's son is so thankful for Kiwanis and all that we do. He shared fond memories about the different things he's participated in and doing some stuff with some Kiwanians now.

Scholarship Recipients:

1. **Jozette A.** from Enochs, she brought her parents, and is planning to attend UC San Diego and major in global health.

Q&A:

Eduardo: What's something interesting you've done between 1 and 6AM besides sleeping?

Went to friend's house, walking around the whole city, and going to Mr. T's

Xavier: What's the weirdest thing you have in your school backpack?

For lunch he always grabs two oranges. Sometimes he doesn't finish them so there are maybe 5 oranges in his backpack right now.

David: What is the scariest thing you've ever done?

Going to the Grand Canyon because he's scared of heights.

Jaden: What job have you done that will be replaced by robots?

He has packed apricots and that job will definitely be taken over by robots.

Julianna: Other than getting a degree, what are you most looking forward to in college?

Becoming a president or being in a leadership position, and maybe starting a business.

Morgan: If you become famous, what would it be for?

NORTH MODESTO

Talking. She talks a lot so she might be a quote on a website one day.

Laila: What's the weirdest thing you have in your school backpack?

Maybe unused wrappers that are used as trashcans, and some old lip glosses.

Sophia: What job have you done that will be replaced by robots?

She is the IP Key Club LTG and had to use a reporting system that will soon become digitized.

Nesarulhaq: What's something interesting you've done between 1 and 6AM besides sleeping?

Went to UC Berkeley at 4AM to go biking to the bay.

Aleccia: If you become famous, what would it be for?

She is known for getting a lot of things done. She is the go-to person to get things done according to her basketball coach.

Selena: What's something interesting you've done between 1 and 6AM besides sleeping?

She stayed up to binge-watch a whole YouTube show during COVID for at least 3 hours straight.

Jozette: What's the weirdest thing you have in your school backpack?

Maybe snacks left unattended in her backpack and it may be a biohazard in there.

In order for students to receive scholarship funds they just have to send a fall schedule with 12 units or more and an address of where to send it to. This money can be used for whatever you need to make yourself successful.

5 out of 12 are Key Club members. Julianna helped to resurrect the Beyer Key Club. Sophie is the outgoing Key Club LTG. Jozette helped on the spirit committee to help win the Fall Rally North spirit stick.

This division did 10,800 hours of community service under Sophie's leadership.

Huge thank you to all of the scholarship committee for making all of this possible!

Marble Draw: David Harter with the RED marble for the win!

Lunch Money: Channa

Ana says that we trash people all stick together. We are not "trash people", we are the highly esteemed ecology department, thank you very much!
