### **Presentation: Andrew and the Valley Dream Car crew**

- Community based organization (not a club), currently not a non profit but possibly looking into that, launching the first annual scholarships this year: 2-\$1000 to High School students for school related expenses.
- They organize canned food drives, toy drive, back to school drive fundraisers
- As well as last minute fundraisers such as the LA fires fundraiser;
- They host car shows throughout the Central Valley focusing on the positive of the car community, they are trying to counter the negative impact created by Sideshows or takeovers-these groups of car clubs

organize to take over intersections doing doughnuts, blocking the intersection, and creating chaos.

- 2026 is their ten year anniversary; Andrew says it is cool to see people who attended their events at the beginning and are now bringing their children to events like the Trunk and Treat.
- Motto/mission: "From the Valley-For the Valley"
- Randy asked- How do you get involved? Andrew....its not about the car but about the person- do you support the car community, do you support the Modesto community, he hands picked his members
- Doug- how do you follow the events? They have a Website and are on instagram. <https://valleydreamcar.club/>
- Jeremiah- Are you participating in finding a name for the new baseball team? Jeremiah said "classics " has been mentioned. Andrew said he has heard "cruisers" as a suggestion as well. He would support either one.

**Marble draw-** Pete Vella, white

**Coffee money-** Charlie

**Valley Dream Car Shirt-** Andrew H.

**Meeting adjourned:** 8:03am
