Re: Salvation Army Bell Ringing

Dear Fellow Kiwanians:

The Salvation Army needs our help. The Pandemic has completely done away with what was considered normal. The Salvation Army faced this problem last year and this year it may even be worse.

The needs of community families are numerous this year and we can help!

All the loose change and dollars we collect will help someone, it may be a complete stranger, your neighbor or even yourself. As we man the Red Kettles throughout the Michigan District we thank God that we have the resources to be able to provide this service by our Kiwanis Clubs Service Projects.

So please let's do our part in helping our communities in the name of Kiwanis.
