

MICHIGAN *Builder*

Serving the children of the world | Michigan District | **APR/MAY 2024**

From education and inspiration to fellowship and voting, a lot of opportunities are packed into our list.

By Julie Saetre

The 2024 Kiwanis International Convention will be July 3-6 in Denver, Colorado. Register now to join your fellow Kiwanians for the most dynamic event on the Kiwanis calendar.

HERE'S WHY YOU DON'T WANT TO SIT THIS ONE OUT:

- 1. Insights and education.** No matter what you and your club need to thrive, we've got the expert advice and inside information to help you reach — and surpass — your goals. Choose from a diverse lineup of workshops in key categories:
 - **Growing club membership and expanding club reach.** Help members take ownership of club growth. Reduce conflict, eliminate apathy and reenergize your club.
 - **Financial stability and fundraising.** Ramp up grant-writing techniques to secure key funding for more impactful service projects. Take a fresh approach to fundraising as clubs share how they reimagined stagnant fundraisers or created successful new ones.
 - **Succeed in cyberspace.** Maximize your impact on social media. Combat cyberthreats and safeguard club information. Level up your Kiwanis experience through our new membership platform, Kiwanis Engage.
 - **Amplify your service.** Learn club secrets for creating more meaningful, effective and sustainable service projects.

- 2. Leadership your way.** Wherever you are on your Kiwanis leadership journey, you'll find motivation and mentorship for your current role — and preparation for the next levels. For leaders at the club, division, district and international levels, our targeted workshops will send participants home feeling inspired, prepared and empowered.
- 3. Kiwanis family fellowship.** Reconnect with Kiwanis friends and make new connections from around the world. The Kiwanis International convention provides plenty of opportunities to relax and socialize — from the Welcome Reception to the Convention Kickoff to the grand finale, Kiwanis Dancing Through the Decades. And be sure to stop by the Circle K International booth in Kiwanis Marketplace. Our university/college members are holding their convention alongside Kiwanis, and it's a great opportunity to learn about their amazing service work.
- 4. Kiwanis Launchpad: Embracing Change.** Explore what's possible when you and your club embrace change. Four internationally known speakers share secrets on nurturing lifelong club members and incorporating new ideas. Kiwanis Launchpads are short, high-impact and sure to leave you full of ideas.
- 5. Kiwanis Marketplace.** Find inspiration, fellowship, products and more at this convention hotspot. Here, you can register for the convention, browse booths from vendors and partners, shop for Kiwanis merchandise (including convention-branded items), ask questions, participate in service projects, pose for fun photos and visit Kiwanis candidates' campaign booths. New to the Marketplace this year is the Membership Fair. Pick up tips from clubs that have added members! (Interested in exhibiting? Apply by April 15!)
- 6. Inspiration.** From the triumph of love over hate to the power of perseverance, our captivating conference speakers will motivate and move you. The opening session features Chris Singleton, a former professional baseball player who was 18 when his mother died in a racially motivated mass killing. He has dedicated his life to sharing his message of resilience, forgiveness and unity. In 2015, Diana Nyad achieved her 35-year quest of becoming the first person to swim from Cuba to Florida. She will inspire you to navigate your own challenges and opportunities during the convention.

Find out more at:

>> *CLICK HERE* <<

- 7. Annual meeting.** Make your voice heard. You'll be informed about the business of Kiwanis International, and delegates from clubs around the world will elect our next leaders and vote on amendments. Be in the room where it happens!
- 8. Celebrations.** From the Welcome Reception and the Convention Kickoff to the Dancing through the Decades last-night gala, you'll have plenty of time to celebrate Kiwanis and the amazing work our clubs and members accomplish every day. You can personalize your experience by having breakfast with our Signature Project Contest finalists (and seeing who wins the big prize), enjoying lunch while celebrating the accomplishments of our Service Leadership Program participants and discovering what's possible through the Kiwanis Children's Fund. Then hit the dance floor with your fellow Kiwanians — in clothing that reflects your favorite decade. The eight-piece band Your Generation in Concert will perform songs from five decades of hits.
- 9. Extras for early birds.** The first 1,000 registrants for the full convention package will each receive a free ticket to see the Colorado Rockies take on the Milwaukee Brewers July 4 at Coors Field. After the game, stay for a special fireworks display. (Note: Transportation to or from the game will not be provided.) On Wednesday, July 3, a lucky group will go on a field trip with Landscape Structures to an amazing playground near Denver. Act fast — only 50 spots are available! (Transportation and lunch are included. Book the tour through your conference registration confirmation email.)
- 10. Destination Denver.** In the Mile High City, you can dine at award-winning restaurants, sip craft beer in one of many breweries, tour historical sites, join an ATV tour, take the family to Denver's world-class zoo or its downtown aquarium — design your own adventure! Or use Denver as a starting point for exploring the Rocky Mountains, only two hours away from the city.

April

- 1 Lt. Governor-Elects for 2024-25 due
- 6 KiwanisONE Divisions 10 & 17
Circle K GATC
- 20 KiwanisONE Divisions 19 & 20 & 21
- 26 U.S./Canada Goodwill Dinner Marysville
- 30 Club Delegate forms for Kiwanis International
Convention Due

May

- 4 Club Boards should elect delegates to
District Convention in Mundy Twp
- 4 Michigan District Day of Service
- 4 KiwanisONE Divisions 11 & 12
Key Club GATC
- 7-9 Club Opening
- 11 Third District Board Meeting - 9:30am, Mason
- 17-19 Lt. Governor Training - Lansing
- 18 Foundation Earl O'Brien Fishing Tournament
- 20 Final District Convention Planning Meeting- Mundy
- 24-27 MEMORIAL DAY- District Office Closed

LEAP An extra day for those planning our KiwanisOne events

YEAR

KiwanisOne event where we Re-Connected again this year to kick off our first KiwanisOne that was held by Divisions 5 & 6. We didn't stop there. The Leadership Team and I continued our journey to attend Divisions 1 & 2, and then Division 13 & 14. We continued on and enjoyed Divisions 16 & 18, then Divisions 3 & 7. In April will be Divisions 10 & 17 and Divisions 19, 20 & 21. Our final KiwanisOne event will end our journey on May 4th at Divisions 11 & 12.

Each one has been a remarkable success. Our new members and seasoned members have participated in our education sessions and their clubs received awards for the continued

jump to the next...

great service in their community. The clubs that received the most points for Outstanding and Distinguished Clubs, were also given an award for reaching the points needed to receive this award. Attending the Kiwanis events organized for each division is of paramount importance as it fosters unity, collaboration, and a sense of belonging among members. These events provide an invaluable platform for members from different areas to come together, share ideas, and learn from one another. By participating in divisional events, Kiwanis members can strengthen their bonds, build a stronger support network, and enhance their overall club experience. Additionally, these gatherings often offer unique opportunities for personal and professional growth through workshops, networking sessions, and service projects tailored to the specific needs of those divisions.

As I attend these events, I listen to conversations and hear the need on how to grow and strengthen our membership. Our Membership team is led by Sharon Gwizdowski., with team members, Larry Memmer, Mark Ott, Don Stilwell, Bruce Rayce, Fran Babbage, Cindy Cissold, Governor-elect Frank Palazzolo, Past Governor Vicki Okuniewski, Greg Smith, Sue Devon and guided by our International representative Miranda Burton. Monthly meetings are held to prepare for information needed to present at our KiwanisOne events. If your club would like a Boost, or a Two for Two demonstration or help, just reach out to anyone of these leaders and they will be more than happy to help you. I know we have and continue to hear about how important membership is to our clubs, and that's because it is a topic which will never go away. If we don't have a strong-based organization made up of members, we don't have Kiwanis.

Membership in organizations like Kiwanis is crucial for the growth and sustainability of the club.

By becoming a member, individuals have the opportunity to contribute to meaningful causes, connect with like-minded individuals, and make a positive impact in their community. A diverse membership base brings a range of perspectives, skills, and resources to the table, enriching the club's ability to conduct its mission effectively. Members of Kiwanis can actively participate in growing their club by engaging in recruitment efforts and reaching out to potential new members. Hosting open houses, community events, and informational sessions can help raise awareness about the club and attract individuals who share its values and goals. Additionally, members can serve as ambassadors for the club by sharing their experiences and insights with others, showcasing the benefits of being part of the Kiwanis family. There are over 5,000 Key Club students throughout Michigan. Imagine if we didn't have our clubs to sponsor them, to support them, to help build their leadership skills and basically show them a future. Where would they be today or tomorrow?

Encouraging collaboration, fostering a sense of belonging, and recognizing members for their contributions are essential elements in cultivating a thriving and engaged membership base within Kiwanis. By working together towards common goals, members can ensure the continued success and impact of the club for years to come. We would love to have you join our membership team and keep Kiwanis growing strong for years to come. Will you join me?

Thank you all for everything you do in Service for your Community and Children!

Governor Renea

Frank Palazzolo

2023-24 Governor-Elect

time:

THE MOST EXPENSIVE GIFT

This past month I attended four funerals. The deceased ranged in age from 30 to 90. It got me to thinking. None of us knows how much time we have, but we do know it's limited and therefore precious.

Our time is said to be our own, but you can't do two things at once. If we give to Kiwanis, we take from family, friends, travel, leisure, etc. There is a corresponding saying 'that no dying person ever said I wish I had spent more time at work.' But Kiwanis is more than work.

I say this all the time but it's true. Kiwanis saves lives, Kiwanis changes lives and Kiwanis can help change communities. That is a noble cause. Something worth making a sacrifice for.

When we give time to Kiwanis, we are making our world a better place. We all want to be part of something that is bigger than ourselves and an organization in 80 countries with 400,000+ members I believe qualifies. In fact, we are also the oldest of the three largest service organizations.

We are an organization started by generous wealthy businessmen which has evolved from a check writing institution to a multifaceted service organization focused on children. But as its reach has broadened, it now requires volunteers from many walks of life.

As our membership has decreased, by nearly 50% since the 1950s, the number of service hours required per member has to go up just to offer the same amount of service.

This is very similar to a corporation reducing staff by say 10%. The amount of work is the same, but the workload increases for everyone else.

Remember when I said, in an earlier article, we operate under a franchise model. The Michigan District supports local clubs, and its 3200 members because we are the master franchisor for Michigan. We provide the license that allows local clubs to call themselves Kiwanis. The District operates with paid staff of 1.5 FTE's. (At one-time Detroit No.1, of which I was President, alone with 350 members had its own paid secretary).

Today we have nearly 130 Clubs, not to mention the Service Leadership Programs spread over 40,175 square miles. The remaining District leadership of 35 Lt. Governors and Committee Chairs is completely volunteer. That is quite the sacrifice we are asking of them.

I know you have heard this before, but it is true, this is unsustainable.

It is imperative we increase our membership. If for no other reason than succession. Succession will allow us to continue serving the children in our communities. But to do this will require more time and more money. I will not ask more of you than I ask of myself. I am asking each member to commit to giving 1 hour per month to recruiting a new member. I will unveil my comprehensive plan May 19th in Lansing at the LTG training.

Lieutenant Governors have NOT had an increase in their expense accounts (this includes mileage) in years and not every Club even contributes the annual suggested \$50 support fee (which by my estimates should really be around \$200). They need your support.

My 99 year-old mother frets over all the things she has that hold so many memories for her. She directs me to make sure someone in the family, who will cherish each item, as much as she, becomes its next steward. I promise to try. That is the same promise I make to you regarding Kiwanis, I will try.

Will you make that promise for me?

I recently found out from KI that only 30% of Clubs have a Membership Chair. That means those duties, in the remaining 70%, fall to the Club President. Among those 70% many are not even trying to cultivate new members, because the President is likely overburdened.

Over the years we have done a great job encouraging members to provide service but we did not do a good job of explaining what might happen if one day there were no other members to provide that service.

I have actually heard foundation board members at several clubs say well then we'll just write checks until the money runs out and I'll be long gone by then anyway. Doesn't that seem both cavalier and egocentric. Hardly the ideals of Kiwanis.

Many of our Clubs are also composed mainly of older members (not that surprising when the average age of a Kiwanian is 63) who like to continue to meet, have lunch or dinner, maybe do their traditional fundraiser or service project and call it a day. I am not pointing a finger at anyone because the reality is once a Club reaches a certain average age it is hard to recruit working-age adults. Maybe the answer is that these clubs should recharter as a GoldenK Club and allow a new Kiwanis Club to take root in their shadow. Either way we must bring in new members or start discussing winding down the entire organization and who we are going to leave our stuff too. But that's years away, right? Funny how time just creeps right up on you.

To my mother I am still her 12 year-old son. But the man staring back at me in the mirror belies that viewpoint. As Chaucer pointed out, 'Time waits for no man.' Let's make the most of ours.

Greg Smith
 Executive Director
 Michigan District

Bringing Value to your Kiwanis Club or Division or District

Congratulations, new members are joining Michigan Kiwanis. They are excited about helping you make a positive impact with youth in your community. How can you help to keep them engaged and continue to belong and contribute? How can you help ensure that they continue to think and feel that belonging to Kiwanis is a valuable use of their time and money?

Here are some thoughts and ideas about this. Many of these are from the book *Grow* by Michael McFall Co-CEO of BIGGBY Coffee. I believe they are beneficial to all types of businesses and organizations, not just for-profit ones.

The first step is based on the following premise about your outlook and culture. Let's take a look at the quote by Charles Darwin.

Many of these ideas are tips for leaders to be more effective, but they can apply to all your members. They will help you retain your members by building value into your member's Kiwanis experience.

How do we market to existing members? Ask them "How can I be helpful?" Members may not believe that you care about them, so we need to overcome that. People look for a safe environment where they can feel free to express their ideas and opinions. Up to 80% of people are not engaged because they are spending time trying to make their environment safe. We need to work on transferring them from disengaged to engaged. Create that environment so their time can be focused on our various missions whether it's the club, division or district. Unlock your members' potential. Help bring value to each member. Use the Stone Soup example: each person brings one ingredient to contribute. Give your members a quest. They need to know what all of this is for.

Specifically for all leaders:

- Cede control of the team.
- Shut Up (you are not smarter than the group).
- Focus on building trust.
- Show up for your members how your members need you to be.
- Never waste people's time. Be organized. If it can take 5 minutes, don't take more.

Work on building that whole team so the old "80/20" rule doesn't apply anymore. We need everyone to help make a difference. Let's set this up for all of Michigan Kiwanis so everyone will want to participate and are valued.

**“ IT'S NOT THE
 STRONGEST OF THE
 SPECIES THAT SURVIVE,
 NOR THE MOST
 INTELLIGENT, BUT THE
 ONE MOST RESPONSIVE
 TO CHANGE. ”**

~by Charles Darwin

It is my pleasure to announce the 2025 Key Leader Coordinator

Kelley Parise – I am currently a member of the Kiwanis Club of Clinton Twp and have been a Kiwanian for 20 years. I am a former member of the Utica Shelby Club where I served on the board for over 10 years, was club president and served two years as LTG for Division 3. I also served on the Utica Shelby Foundation board for over 10 years.

While with Utica Shelby I helped organize Mission Jamaica with Mark Rabaut for several years - we and a group of volunteers traveled to Montego Bay annually to work at Westhaven, a home for disabled youth - we are looking to reinvigorate this program hopefully as soon as next year.

After having my son, I moved over to the Clinton Twp club with my best friend Lori Stillwell. I serve with Lori as our Golf Outing Chairperson and serve on the committee for our Kids Christmas party. I have chaired so many fundraiser's and committees

I cannot even keep track anymore but I really want to be involved with and help kids, so I am extremely excited to chair Key Leader for 2025.

I have traveled to international conventions in Nashville, Las Vegas, Indianapolis, New Orleans, Geneva and Tokyo as well as many district conventions here in Michigan.

I also serve on the committee for the James Hunter Foundation golf outing – raising funds for scholarships for youth in metro Detroit communities.

Personally, I am in my eighth year working at Union Home Mortgage as a Sr. Loan officer in Rochester Michigan having previously worked for Standard Federal Bank/Bank of America for 17 years.

Kelley Parise

I was born and raised in Michigan, attended Detroit Country Day High School then went on to play basketball at Miami (OH) University. I have a BS in Business from Miami and my MBA from Oakland University. I am married to my husband Mark and we have a son Kyle who is six-years-old and in Kindergarten in Lake Orion.

M | C.S. MOTT CHILDREN'S HOSPITAL
UNIVERSITY OF MICHIGAN HEALTH

The Therapeutic Gaming and Patient Technology Department at C.S. Mott Children's Hospital is committed to enhancing the patient experience and supporting healing through creative use of gaming and a wide range of emerging technology platforms.

GARDEN CITY KIWANIAN'S GIVE OUT LIBRARY BOOKS

This is one of the many community efforts put forth by the Garden City Kiwanis in our community. The GC Kiwanis has been an important part of Garden City since 1948.

Members of the Garden City Kiwanis Club recently distributed free dictionaries to the third grade students of the Garden City Schools

at the Douglas 3-4 Campus. The goal of this program is to assist all students in becoming good writers, active readers, creative thinkers, and resourceful learners by providing them with their own personal dictionary. The dictionaries are a gift to each student to use at school and at home for years to come. Educators see third grade as the dividing line between learning to read and reading to learn, so we encourage our sponsors to give dictionaries each year to children in the third grade.

The Metropolitan North-Troy Kiwanis Club is growing!

They met their goal of five new members in 2023 and set that same goal for 2024. But not halfway through, they have exceeded that goal, with the installation of new members Christine and Freddie Polanco on March 5. They now have six new members already for this year and are not slowing down. When asked why they have been so successful with their recruiting this past couple of years, their President & Secretary, husband and wife team Lydia and Roger Palaganas, said their initial invitation is to a service project.

Participating in the service project then leads to interest which leads to meetings and new members.

GOOD ADVICE.

Congratulations!!! Metro North-Troy!

Woodhaven Kiwanians Distribute Dictionaries

The Kiwanis Club of Woodhaven recently purchased 576 third grade dictionaries. Enough dictionaries to provide a dictionary for every third grader at Anderson, Bates, Erving, Gudith, Hedke, Wegienka and Yake Elementary Schools. Kiwanians spent an evening labeling the dictionaries and followed through delivering the dictionaries to the seven elementary schools.

The idea for The Dictionary Project began in 1992 when Annie Plummer of Savannah, Georgia, gave 50 dictionaries to children who attended a school close to her home. Each year, she continued to give this gift, raising money to help give more and more books so that in her lifetime she raised enough money to buy 17,000 dictionaries for children in Savannah. From this humble beginning, local organizations, such as Kiwanis, have purchased and distributed 31 million dictionaries to schools all over the United States. Woodhaven Kiwanis President, Bob McCoy, reports the Club is proud to be part of the Dictionary Project for the last fourteen years.

The goal of the Dictionary Project is to assist all students in becoming good writers, active readers, creative thinkers, and resourceful learners by providing them with their own personal dictionary. The dictionaries are a gift to each student to use at school and at home for years to come.

Club President, Bob McCoy, says this dictionary contains all the elements of an excellent dictionary for students. It also includes over 150 pages of supplemental information in the back. Key features include the Constitution of the United States, the Declaration of Independence, brief biographies of all of the U.S. presidents, world maps, and information about all 50 states, countries of the world. The dictionary also has the planets in our solar system, sign language, braille and the longest word in the English language. If you are not sure of the longest word, check with a third grader.

Photos from top to bottom:

Woodhaven Kiwanians Darrel Penix and Stella Trunzo label and pack dictionaries. Woodhaven Kiwanians Joan Penix delivers dictionaries to Wegienka Elementary School. Former Gudith student Sophia delivers dictionaries to Gudith Elementary School. Erving Elementary School student using their new Kiwanis Dictionary

Fighting Food Insecurity

Feeding Families around the World...and around the Corner

Saturday, March 9th, the Woodhaven Brownstown Community came together to fight world-wide food insecurity. 232 students in third through ninth grade, the Woodhaven High School Hockey team, Woodhaven-Brownstown School District staff, parents and Kiwanians came together and packed 19,123 meals. Meals will be distributed through eight local food pantries and served around the world wherever the U.S. Armed Forces fly humanitarian aid.

Students prepare a packet of white long-grain rice, vitamin-fortified, crushed soy, a dehydrated blend of six vegetables, as well as a vitamin and mineral powder. Each packet feeds six people.

Students packed the meals in ten assembly lines under the leadership of Woodhaven High School Hockey Team. Captain Jimmy Olbrich reports each year the hockey team looks forward to working with the community. In addition to providing meals, students learn teamwork, measurement skills and the good feeling that comes from helping others. Students and hockey players have a good feeling of comradery and accomplishment at the end of a busy morning.

Kids Coalition Against Hunger is a non-profit humanitarian organization with a mission to provide fully nutritious food to impoverished children and families around the world...and around the corner. The goal of the organization is for the meals to provide a stable nutritional base from which recipient families can move their families from starvation or food insecurity to self-sufficiency.

Woodhaven Kiwanis Membership chair, Brenden Hoy, invites interested community members 18 and older to visit a Woodhaven Kiwanis Meeting and learn more about the many community efforts of Woodhaven Kiwanians. It takes a strong Kiwanis base to raise the \$10,000⁰⁰ and provide the leadership needed for Kids Coalition Against Hunger each year. Kiwanians meet on Wednesday evening at the Woodhaven Community Center. Meetings begin at 6:30 pm and last an hour.

Woodhaven Kiwanis President, Bob McCoy, thanked the schools and their staff for the outstanding support Kiwanis receives. Without them, Kids Coalition Against Hunger would not be possible. He reminds everyone next year's packing will be held on Saturday, February 8th.
