

KY-TN District Partnerships

#KIDS NEED KIWANIS

The KY-TN District has developed partnerships which are designed for the benefit of district members and the children we serve in our communities. The District Partnership Committee has identified three service partners which are already structured so Kiwanis members can immediately utilize them in service to children in our communities. Secondly, the District Partnership Committee will continue seeking to develop community partners which will help individual members and stretch club dollars.

It is a privilege for Kiwanians to spend time ringing the bell during the Salvation Army Red Kettle Campaign. The Salvation Army relies on money raised to serve more than 25 million people in need each year.

A District Project to provide mobility trykes to physically challenged children.

See page 41 for more info

Tap was created to address the lack of home computer access to children by refurbishing donated computers. The refurbished computers are then distributed to children through Kiwanis clubs in Kentucky and Tennessee and other Social Agencies.
