**MADNESS NEWSLETTER—July 17, 2022**

**LIBRARIAN GENESIS HANSEN** thanked Kiwanis for its support of the Tale Trail project. The mobile reading display will eventually find its way to other parks in Mission Viejo. The library has 43 employees and is returning to normal after COVID closures. They are also close to eliminating fines for late book returns. An 18-month paid intern program is also in the works. Thanks to Stephanie for arranging for Genesis to appear at the meeting last Tuesday.

### Members had Happy and Sad Moments

**OLLIE** had a nice train trip to Seattle with his brother-in-law although he wishes he had followed his usual pattern and flown back home.

**BILL** had some whirlwind trips by air and ground to and from Las Vegas, Orange County and Bullhead, City. He enjoyed a visit to the Bullhead City Italian American Club to see a Frank Sinatra impersonator who was really great.

**STEPHANIE** learned what Art Linkletter said—kids say the darndest things—while helping shepherd 23 youngsters ages 7-10 at an outdoor adventure experience at the San Joaquin Wildlife Sanctuary.

**KEITH** shared a brief video of a Kiwanis-sponsored water-jousting fund-raiser in France. He also noted that Laguna Niguel's lack of fireworks this year was offset by a fantastic colorful drone presentation.

**BOB** had a nice cruise in Alaska, but he could have done without catching COVID and spending some hours in Mission Hospital upon his return.

**PAT** and **HUGH** had a nice Fourth of July including a trip along the Orange County coastline where they saw parts of four fireworks events.

### Tuesday's program explores abuse treatment

Judi Zimmerman will speak Tuesday on her work as part of the County's Child Abuse Services Team (CAST). The group provides
