## HAPPY/SAD DOLLARS

**PAT** reported yet another jury duty summons, this one as a call-in juror. As of Friday morning she hadn't been called to appear.

**JEFF** was tired and happy to be back after a safe and healthy trip to Italy, Turkey and Iran.

**GREG** entertained the club with an Irish tale complete with three morals—the most important being that men will always be men.

**OLLIE** has had grandson Ash as a summer guest, but he hasn't seen too much of him what with the young man's busy lifestyle.

**PRESIDENT LARRY** reported that Bob Gaebel had been admitted to Mission Hospital after feeling ill, possibly from an infection.

**WARREN** was sad that in the last issue of Madness he incorrectly reported the location of an outing Greg had with family (Laguna Beach, not Long Beach). He was happy that Larry's son Drew, who lives in Branson, Mo., was lending his expertise to make the club website more current.
