## HAPPY/SAD DOLLARS

**STEPHANIE** was happy to have received an email from Freedom Village indicating residents were again interested in buying See’s Candy. She was also happy to introduce the guest speaker, Library Director Genesis Hansen.

**KEITH** was planning to sit on the visitors side at Mission Viejo High for the first time when the Diablos entertain CIF football playoff opponent Palos Verdes because that’s the home school of his nephew.

**LARRY CALLISON** thanked **LARRY PIZZI** for running the meeting last week while he was in North Carolina helping daughter Emily find an apartment to live in while she pursues a degree from Duke University. Larry’s impression of North Carolina as seen in Durham is that it consists of Duke and a lot of trees.
