If you hear of anyone who is asking about the Windmill, please let them know that I didn't send one out in the last month. If it's from before that or after this one, please have them check their junk folder. If you have the option to mark it as safe, that may work, OR they (or you) can always reply to one of them, just let Tonia know in the email that's why you (or they) replied, and she will reply back. The quick conversation just might be enough to stop emails from going in your (their) junk folder.

Probably the best way to get something in the Windmill is to email the information to:
