Thursday, August 17th, 12:00 Noon Lunch Meeting

Speaker Wen Chen, PhD

“China’s Global Impact”

Luncheon at Salvation Army Campus @ 960 East Walnut Street, Pasadena

<https://www.pusd.us/marshall>

Wen Chen, PhD

Wen was born in China at the end of the Great Cultural Revolution. Being the victim of this horrific atrocity that killed two million intellectuals and destroyed traditional Chinese culture, Wen's parents had mixed feelings about her education. Despite their discouragement, Wen eventually won a national prize at a science competition when she was 16. Hence, she went to a top university for undergraduate study and then came to the U.S. in 1994 for graduate school. She then went on and received a Ph.D. in Biology at the California Institute of Technology in 2000. Because of her personal experience of being brainwashed in China, she decided to be a voice for the voiceless. Since 2012, she has given hundreds of presentations to community organizations about Chinese culture, history, and society. Wen has been working for Caltech since 2000 as a biologist and information scientist. Her everyday work includes scientific outreach by speaking at conferences and seminars at universities. In her personal life, she is an active member of Amnesty International, focusing on human rights in China.

She serves as a board member and community liaison for Caltech Women in Biology and Biological Engineering. She has a blog: <https://wenchenview.blogspot.com/> The Chinese Communist Party (CCP) quickly gained financial power after China joined the World Trade Organization. During the past 20 years, the Chinese government built up business ties with Hollywood and over 30 mainstream media worldwide to tell a better story about China. Hundreds of universities, including the college board, outsourced Mandarin teaching to the Chinese government. The Chinese consulates actively manipulate Chinese Americans and business owners who may steal intellectual property or influence elections. The U.S. lawmakers cannot stop at "condemning human rights abuses in China." They must take serious actions to prevent American businesses from sponsoring the CCP. We also need serious measures to protect academic and press freedom.
