University of New Mexico

THE UNIVERSITY OF
NEW MEXICO

We are so happy to be back in person serving within our community of Albuquerque! For our first project, we volunteered with Habitat for Humanity and their repair program. We worked around the property of one of their homes doing yard work. The following weekend, we helped with painting! In our most recent project, we volunteered with Balloon Fiesta. For this huge event, we had the awesome opportunity to work with other clubs from Southwest District!

It's so nice to be serving our community together in the same space again, whether at events with other clubs, helping families build their homes, or simply at our weekly meetings making crafty service projects together. This year we have some wonderful new members and couldn't be happier with everyone's involvement. We are excited for what the rest of the year has in store for us at UNM CKI!
