

Kiwaniis®

Pacific Northwest District

Vicki Frucci, Governor 2024-25

“Together Everyone Accomplishes More Service”

My PNW Governor’s Goals for 2024-25

Membership & Engagement

- Support our District in using the “2024-25 Recognition Program” for Kiwanis International Clubs, Members, and Divisions (Lt. Governors) when looking to achieve Distinguished status for the year.
- Encourage our Clubs and Members to open 3 – 6 clubs this year, and I won’t stop us from opening more
- A net positive gain of members for every club by September 30th, 2025
- Encourage our Clubs to appoint and utilize their Membership Chairs
- Encourage our Clubs to engage with the Membership Teams to identify and support opening and boosting clubs
- Engage with our Lt. Governors for their guidance and support of their Clubs. We’re all in it together.

Protecting our Youth and our Members

- Support our clubs to ensure they understand the importance of completing the required training and helping each other protect the youth when necessary
- Encourage Clubs to complete their Youth Protection Training as soon as possible and no later than December 31st, 2024, to ensure they are current before many of their events and projects start.

Leadership Education

- Encourage and expand the Club Leadership Education (CLE) efforts throughout our District and our year.
- Increase the CLE offerings with a ‘miniseries’ focused on the nuts and bolts new members need to start and build the confidence that results in a better member experience and service in their communities.

K-Family Strong

- Encourage all levels of Kiwanis members to come together to work and help each other, from Youth to Adults. Help us all as we continue to grow and share with others how to maximize their potential through a Kiwanis journey into the future.

Build, Nurture, and Retain
