THE MICHIGAN DISTRICT OF KIWANIS INTERNATIONAL

GOVERNOR ERNEST E. HUNT, 1974-75

Ernest E. Hunt has been an active Kiwanian since joining the Holt Club as a charter member in 1949. He immediately put the present motto "Show You Care" into effect in his club and his community by working in all areas of Kiwanis activities. Only 4 years after joining he was made Lieutenant Governor of his District. His work with young people made him a logical choice for Trustee of the Forney Clement Foundation in 1962 which office he held until 1973. He was President of the Forney Clement Foundation in 1967. In 1964, Ernie was general chairman of the Michigan District Convention in Lansing and his abilities were again recognized by his election as Governor-Elect in 1973-74 and then Governor of the Michigan District for the 1974-75 year. Governor Ernie has a perfect attendance record for his 26 years in Kiwanis.

In addition to Governor Ernie's outstanding record of Kiwanis service, he has over 25 years of service with the YMCA, over 25 years with Boy Scouts, and 5 years with 4-H club service. He has been a leader in his business field as President and Owner of Holt Products since 1939, and officer in the National Screw Machine Products Association.

Ernie and his wife Virgilene have been married 40 years. Ernie would say, and with this we concur, that Virgilene has contributed immeasurably to his success as a father, as citizen of the community, and as an outstanding Kiwanian.

The 1974-75 Lieutenant Governors of the Michigan District of Kiwanis International have been privileged to serve under Governor Ernie. His sincerity and dedication to Kiwanis objectives has made the year one of real pleasure and we wish to honor Governor Ernie by designating him as a Forney W. Clement Memorial Foundation Distinguished Kiwanian.
