No. 6: GRANTS

LaMissTenn District Foundation Grants are intended to increase the reach of each funded project by filling a financial gap. Our Foundation does not have the capacity to fund the project in its entirety.

DEFINITION:

A Community Service Grant (CSG) awarded to a Kiwanis club for a project is defined as follows:

- A new service project or existing club project for which the club has not previously been awarded a District Foundation grant.
- Club involvement is an essential part of the grant, including contribution of time, labor and financial resources by the club, its members, other Kiwanis clubs, volunteers and/or businesses in the area.
- Community impact; not helping individuals or a specific family.
- Grant funds cannot be used to purchase land, renovate buildings, sponsor signage/billboards or equipment used during the project then retained by the club receiving grant funds (including, but not limited to grills, griddles, smokers, chain saws, ladders, lawn tools, etc.).
- Grant funds cannot be used as a fundraising project.
- Grant funds cannot be used for scholarships; as the District Foundation has a scholarship program.
- Grant funds cannot be used as a monetary donation to another organization.
- Completed projects are not eligible.

NOTE: The 2022-2023 Kiwanis Year was the **last year** to apply for a grant to “enhance an existing project”, to which the club has already received a grant. Beginning in the 2023-2024 Kiwanis Year, Community Service Grants will be awarded to assist clubs with either brand new projects, or existing projects that have not received a prior grant from the District Foundation.
