## CENTENNIAL INTERNET CLUB

### February 2023 Newsletter

#### President message

An American history scholar I am not. Nor do I consider myself a historian or even a history buff. I do, however, have an interest in, and an appreciation of, those who have served the United States in its highest office. When I can, I try to wrap a presidential history site into a vacation or business trip. This past December I was able to visit the Little White House in Key West, Florida. All told I have visited over 50 historical sites including birthplaces, residences, burial sites, and others. Luckily, there are many in Ohio and the northeast U.S. which makes for easy day trips.

Of particular interest, and what I find fascinating, are the stories and events that led to the top job. A good deal of presidents (and other global leaders) never aspired to the role, but rose to the challenge when they were called to serve. That's the message that I'd like each of you to remember this month. We are all called to serve in one way or another. It might not be the top job, but every role serves a purpose as part of the greater good.

Sincerely,  
Jim Janosik

**Guest speaker:** Circle K International President 2022-2023: Tyler Kearns

"This year, we want to recruit 9,200 members into CKI across all of our clubs. We currently stand at 4,474 members, but this doesn't mean we're done recruiting yet! Recruitment isn't just for the first semester – new members can be brought into our clubs at any time. We often hear that people join CKI for the service and stay because of the people. Make those connections and get to know your fellow members!"
