SERVING THE CHILDREN OF THE WORLD

President's Letter

My Fellow Easton Kiwanians,

August was a spectacular month to be a Kiwanian. I hope you all find ways to lean into what we accomplish as a club and find ways to participate. Joining existing committees and becoming involved with Service Projects as they arise are the best ways. We always look forward to hearing new ideas from our members on how we can be even more effective in serving the children and communities here in Easton and the surrounding area.

Highlights for our Club this month started off with National Night Out on August 1st at the Paxinosa Elementary School in Easton where we are also hoping to start a K-Kids program for students. It was great to fly the Kiwanis Banner and interact with people of the community as we told them about Kiwanis and handed out children's reading books. It was especially gratifying as we had brought copies of the Early Learning Guides, especially focused on families with young children, which we were able to selectively distribute to those who came to our table and had young children. This turned out to be a fantastic way to get these Early Learning Guides into the hands of mothers and families that may not have another chance of seeing this great material, focused on the raising and education of infants through Pre-K children.

We also had the opportunity to attend the Pennsylvania District Convention in Scranton. We had 7 members of our Club in attendance. It is always a wonderful experience attending the conventions as we meet fellow Kiwanians from around our state who share a vision of helping children and the communities where they live. It is always uplifting and energizing learning about what other people are doing for Kiwanis and bringing home ideas we might apply here in our area. This year was particularly meaningful as we had the opportunity to celebrate the Kiwanis career and retirement of Kevin Thomas, the PA District Executive Director. Kevin has served the PA District for over 37 years, and we wish him a bright and rewarding future as he turns the page to a new chapter in his life. The Kiwanis Club of Easton, along with a matching gift from the Easton Kiwanis Foundation, made a \$2,000 gift in Kevin Thomas' honor to purchase Early Learning Guides for distribution throughout the PA District.

Another highlight of the month was the EMS of the Year presentation on August 16th. We had the opportunity to honor a bright young woman and Lafayette University student who spends a great deal of time volunteering at the Easton EMS. This is the second instance of our club honoring first responders in our community. We had our annual Police Officer of the Year in May, EMS of the Year this month and Fire Fighter of the Year will occur on October 18th.

September will bring more great opportunities to serve and spread the good word about Kiwanis. Watch your email box for updates and news and be sure to save September 17th where we will have a fine day on the Polo field with Equi-librium. Make sure you don't miss that. Please make a timely response to Terry Thomas so our club can make a great showing to what is expected to be around 700 attendees. It will be another great opportunity to fly our flag and let people know about Kiwanis and what we do.

Thank you for all you do for Kiwanis and our wonderful community.

In Fellowship and Service,

James Owen

August 2nd Meeting

James opened the meeting with the Pledge of Allegiance and signing of *God Bless America*. Our scheduled speaker was asked to reschedule because we were locked out of the restaurant for some time and couldn't guarantee an audience that would be appropriate for her presentation. We finally were let in the facility and proceeded to have a meeting of updates, announcements and discussion. The following information was shared at the meeting.

- ✚ Tanya Falero asked us to consider contributing to the "No Child Left Behind" campaign to collect basic school items, backpacks, reusable water bottles and lunch boxes for kids going back to school. Walt, Neil and Sue are in contact with the principal at the school to work on developing the program. August 7 the awards committee will have a Zoom meeting on the last-minute details for the EMS awards luncheon. There was some discussion on what to do to recognize the SLP school advisors for the jobs they have done over the last year. No real decisions were made as to what might happen with this recognition. A number of ideas swirled around in the conversation.

August 16th Meeting

Annual EMS Award Presentation Rachel Mumford

Today's meeting was held at the Pomfret Club. President James Owen welcomed everyone. The *Pledge of Allegiance* was recited and *God Bless America* was sung. Barb Walters shared words of inspiration with the theme of service and courage in honor of the work done by EMTs.

James began the presentation recounting a personal incident where his bike crashed and he was in need of EMS care. He praised the care he was given.

Walt Howell was emcee for this ceremony. He too praised the EMS care he received for a motorcycle accident in which he was involved. He explained that the Kiwanis Club of Easton began EMT of the Year Award a year ago. He then introduced E. Buddy Shull, Emergency Squad President, who explained the process for selecting EMT of the Year.

Buddy said that Rachel was highly recommended for this honor. She is a student at Lafayette College. She was a Bio-Tech student before becoming an EMT but changed her major to medicine after her EMS experience. She was president of the EMS Club at Lafayette her freshman year and was EMT certified in Massachusetts. She then transferred that certification to Pennsylvania.

James Owen presented the award to Rachel and she was asked to say a few words. She thanked the Kiwanis Club of Easton not only for the award but for the service the club does for the community. She is from Massachusetts but said Easton has become her second home since she has been here for two years. She also said that being an EMT has enabled her to develop a connection to the community.

Guests at the ceremony were E. Buddy Shull-EES President; Sam Lobb-Board of Directors, Ashley Vaughn-EES Director and last year's EMT of the Year Award recipient; & Forest Stuart-Lafayette College V.P. for Enrollment.

Thanks so much Rachel Mumford for your dedication and service to the community as an EMT. We wish you all of the best in your promising future.

Guests

August 23rd Meeting

Today's meeting was held at SURV Restaurant with 17 members in attendance and one guest, Charles Chase. After opening exercises led by President James Owen Barb Walters shared words of inspiration. James then introduced our speaker, Susan Bartels, CEO of Big Brothers, Big Sisters of the Lehigh Valley.

Susan has been an advocate of Big Brothers Big Sisters for over 30 years. She had a little sister in college. She explained that Big Brothers Big Sisters matches a child with a caring mentor to help develop the potential of that child. She said that there are 12 staff members, 5 programs and 376 children served by Big Brothers Big Sisters in the Lehigh Valley. She also said that 90% of those being served have been diagnosed with a mental health condition, developmental diagnosis or have experienced trauma.

Mentoring is 1 to 1, focused on the mentee, structured and supported to help develop the child's potential. She also explained what it is not

Susan said that high school students can also be mentors to the Littles. This provides a good experience for those high school students that might be interested in teaching or similar fields. They are also able to get scholarships.

Because so many boys are in need of a Big Brother the program **Sports Buddies** was created. This program connects Bigs and Littles through shared participation in sports and physical activities. This takes place once a month for 9 months.

Another program is **Big Futures** which prepares young people for tomorrow's workplace. It does this through career workshops, resume writing, communication skills and financial literacy. There is also a 1 on 1 mentoring session with the youth to tell them about certain careers.

They also are providing training sessions for parents of the youth who are in the program and the age of youth has been raised to 21. There was a question-and-answer period following. Thanks to Susan Bartels for such an interesting and informative program and for all of the services the Big Brother Big Sister Program brings to the youth of the Lehigh Valley.

Please check out information on the JOHN WALSON, JR. GOLF FOR KIDS' SAKE Tournament to benefit BIG BROTHERS BIG SISTERS of the Lehigh Valley at the bottom of this newsletter.

NO CHILD LEFT BEHIND

On August 19, 2023, **3rd Street Alliance** sponsored a back-to school event, **NO CHILD LEFT BEHIND**, benefitting children in the Easton Area. Children received a free

backpack filled with school supplies assembled by volunteers. They also received haircuts, a hot meal and were able to participate in many fun activities planned for them. This event was made possible due to many barbers and salons who provided haircuts and to many volunteers from the community as well as donations from businesses and organizations. Donations of school supplies from the Kiwanis Club of Easton were presented to Tanyna Falero, Family Engagement Coordinator of 3rd Street Alliance and Kiwanis Club Member, by Janet and James Owen.

Sports for Health

Since Thursday morning, August 24th, I spent 4 days serving as a guide for a group of visually impaired and blind adults as participants of the Sports for Health program at Sky Lake Camp & Retreat Center in Windsor, New York. Raisa Furman, Charles Wirth & Donna Slivoski were three of the participants who were ready to ride tandem bicycles with Nina Nesky, a guide. The other photo is of Charles Wirth climbing the 35-foot-high wall at Dick's House of Sports in Johnson City, New York. The amazing fact is that Charlie is 102 years old. This was my 14th year helping as a guide with the program for Northeast PA Regional Ski for Light/Sports for Health. Walter Howell

INTERVIEW WITH CHRISTOPHER PALTZ, BBA, MBA, CPA

Chris, tell us: As a retired individual, how did you start helping at The Salvation Army Easton Corps?

I started, on my own initiative, by volunteering to drive the food van picking up food from local companies for the needy of Easton. For three years, myself and my sidekick Charlie, would head out at 9:30 a.m. four days a week to pick up food donated by many local firms. This took us from store truck-loading docks to store and restaurant entrances and back to headquarters by 11:30 a.m. The van was unloaded in time for the food distribution that starts at 1:00 p.m. I would, as time permitted, stick around and personally hand out food to those in need.

Off the record, how do you commingle with the needy of The Salvation Army?

That's easy—I too am needy and I fit right in. My need is to help, and their needs are to be helped. A great match! I feel so privileged, on occasions, to eat at the soup kitchen with fellow men and women of need and just have a plain conversation and spread joy & humor whenever appropriate.

Is there any way else you helped?

Yes. For years I participated in the Christmas Red Kettle Bell Ringing effort. I really did not mind the cold winter elements when ringing bells outside. I would stay warm by smiling, ringing the bell, helping children place money in the kettle and wishing everyone a Merry Christmas! For one Christmas season, I partook in counting kettle money at the bank.

Chris, you're on the Advisory Board also?

Yes! I use, for one, my financial expertise as a Certified Public Accountant to aid in interpreting many financial and operating aspects of the organization.

Tell us more!

Let's not forget the all-important religious aspect of The Salvation Army. Captains Daniel and Isabel Mino devote much of their time to the spiritual outreach to the community as ordained ministers. Bible Study and Sunday Services give Daniel & Isabel tremendous satisfaction, and in turn, inspiration to the community. Stop by some Sunday at 11:00 a.m. to join in the religious service and meet some of the nicest people. The congregation meeting after services is a joyous event too!

Chris... time has run out. Can you leave us with a parting thought?

Yes, I remember so vividly the time when I was standing by the front entrance of the headquarters and an elderly gentlemen approached me. He was clothed in rags, unshaven, hair to his shoulders and he smiled, with few teeth, and said "I need food." It was a privilege to hold the door open for him as I welcomed him to the Easton Corps of The Salvation Army. We then proceeded to feed and clothe him—a most gratifying experience, I assure you!!

Thank you for sharing, Chris.

Thanks so much, Chris, for all that you do for our community and for our club.
